A PERFECT DAY

A beautiful country, a splendid drive, scenic beauties, modern improvements—we seen them all.

Last Sunday Mr. and Mrs. J. W. Sadler invited the editor and wife to take dinner with them.

The beautiful Sadler home which compares favorably with any one seen in large cities of east or west, is a delightful spot in Aurora. The large rooms, splendid porch and well kept lawn makes it a pleasure to be there.

Then the dinner Mrs. Sadler prepared will not soon be forgot; it was lovely, gotten up in exquisite style.

Further enjoyment was on the program when Mrs. Sadler suggested that we take a ride in their car.

Mr. Sadler drove to Salem—the prettiest drive this time of the year in the state. Past the camps of the berry pickers, the ripe grain fields, the modern houses—paved all the way. In Salem, the beauty city of Oregon, whose magnificent homes, broad, shady streets and state buildings are the pride of us all. There we visited the state asylum and penitentiary, and admired the well kept acres adjacent to these large institutions. Coming home Mrs. Sadler informed us that the occasion was Mr. Sadler's birthday and, seemingly to help celebrate the event, a front tire had a "blow-out" when halfway home. An enjoyable (?) two hours was spent with hammers, tires and agreeable conversation with Woodburn garage men, but toward morning we landed home, delighted with the occasion of a Perfect Day.

BYRON MACK FUNERAL

The funeral of the late Byron L. Mack, who died at Salt Lake City recently, will be held at the residence of Mrs. Ogle Anderson, a sister, at Canby this Thursday, with interment at Canby Cemetery. Deceased was the son of William Mack, for whom Macksburg was named. He was born and raised in the community, but had made his home in Wyoming for some time, and was enroute to California when his death occurred. Several relatives of the Macksburg vicinity survive him.

OPPORTUNITY

Aurora wants and needs a jeweler, a real estate agency, a cannery, a lumber yard, and it wouldn't hurt if we had a live Commercial club.

Luthern Services

Services at the local Luthern church will be conducted regularly in the future every Sunday, with the probable exception of one Sunday each month. Rev. W. F. Schmidt, field missionary of the Luthern Home Mission Board, has taken up his residence here and will have charge of the work until a successor is assured. English services will be held every other Sunday morning at 10:30 o'clock. On next Sunday morning the service will be in the German language, the Sunday following in English. The Sunday school will be at 9:30 and to this children of all ages are welcomed. The pastor's Bible Class will also meet at 9:30 and will study the Gospel of St. John. Some time next month evening services will begin, in the English language. Rev. Schmidt is making arrangements to have the Willamette Valley Luthern League Convention held at Aurora this year on Labor day. If the arrangements are completed as undoubtedly they will be, at least 125 young people will be in our city on the first Monday in September from Salem, Portland, Sherwood, Cornelius, Newberg, etc.

HOPS AGAIN SELLING AT LOW PRICE

Considerable activity is reported in the hop market, after a long period of inaction, about a thousand bales of hops, 1920 crop, having changed hands the past week at prices running from ten to eleven cents a pound. For the same hops 42 cents was refused last October.

Among the sales reported is 120 bales by Patton and Sloper to Wolf Hop company for export to Belgium. The price is 10 1/2 cents. Bishop Bros. of Independence are reported to have sold 300 bales to representatives of George Levee at from 10 to 11 cents, and Harry Hart 150 bales. J. B. Kennedy of Woodburn is said to have sold 60 bales.

Spraying for hop lice is well under way in the hop fields. The hot weather of the past few days has diminished the loss from aphids, so the total hop yield will be less than expected due to the long dry weather.

Great Britain and Europe are suffering the worst drouth in several centuries, no rain having fallen over extended districts since last March. Many crops are a total failure and the coming winter promises the severest famine on record. What effect this will have on American crop prices remains to be seen.—Capital Journal.

No use to "bake" over a hot stove in order to iron a shirt. See the reason in the Molalla Electric Co. adv. this week.

LOST—July 2nd, one pair of side curtains, wrapped in wrapping paper. Return to 329 W. Park St., Portland, and receive reward.

A MESSAGE TO YOU

Did you ever stop and think that every advertisement is a direct message to you? It is impossible for the merchant to send a personal letter every week to all his customers. The expense would be too great. So he places this letter or message in the local paper for your benefit. It tells you what he has to offer you that particular time, that will be of interest to you. It is something that he can recommend as being worth the price, nothing that he can put before you with his stamp of approval as being worth all that is asked for it. If you do not read the advertisements, you are missing the most valuable part of any paper that you receive. Try it for awhile and see for yourself the benefit it is to you.—Benton Co., Courier.

Entertains Sunshine Club

Mrs. William Prahl entertained the Sunshine Club of the Wilsonville Rebecca Lodge, at her home on Thursday afternoon. Lunch was served on the lawn and a delightful time enjoyed by the guests. Those present were, Mrs. Homer Kruse, Mrs. Ernest Kruse, Mrs. E. Kruse, Mrs. Fred Wagner, Mrs. Henry Aden, Mrs. Jake Peter, Mrs. Sag. Miss. Myrtle Aden, Mrs. Mowiten of Wilsonville, Mrs. Geo. Gould of Salem, Miss Nema Yergen, of Aurora, Mrs. Chas. Eilers and Mrs. Ellen Eilers of Aurora, Mrs. F. M. Yopiran, of Minneapolis Minnesota, and Mrs. W. F. Prahl.

You will generally find every newspaper fully abreast of the community in which it is published and if it doesn't measure up to a Business Man's personal approval—THEN HE SHOULD HELP IMPROVE THE LOCAL CONDITION THAT HAS CAUSED THIS.

Too many merchants try to discredit smaller town newspaper advertising, claiming they do not have a good medium to advertise in as they have large city competitors.

THIS IS ALL ROT! Your local newspaper blankets your trading territory as thoroughly and carries a comparative advertising rate GENERALLY FAR LOWER THAN THE LARGE METROPOLITAN PUBLICATIONS DO. Consequently you have a better opportunity to reach every home of your section at a much less proportionate cost than in the larger fields and reap a corresponding profit from the publicity.

Smaller city Newspapers are not always up to the standard their publishers would have them but bless your hearts they have never failed to deliver the goods WHERE A BUSINESS MAN USED THEM PROPERLY.

That is what we want to show you and why we urge you to wake up long enough to put us to the test. HOW ABOUT IT?

"Grandma" Lockwood of Smith River in Coos county was tendered a reception at the community hall at that place recently in honor of the one hundredth anniversary of her birth.

Linn county, which boasts the largest boys' and girls' Jersey calf club in the world in the Sheed Jersey Calf club, and which ranks well in industrial club work along all lines, plans in a short time to have the first boys' and girls' goat club in the United States.

AURORA ROUTE EXTENDED

Washington, July 16.—The post office department has notified Senator McNary that it has granted the petition of William H. Fearnley and others for an extension of rural route 3 out of Aurora, effective August 1.

The Deschutes county court refused a bid of 96.126 on \$50,000 worth of county road bonds and decided to dispose of the county's securities by private sale as the money is needed.

Following a visit of an I. W. W. walking delegate to a construction camp on the state highway in Lake Creek valley, 64 laborers laid down their tools and walked out in a body.

More than 20,000 pickers will be needed to harvest Oregon's hop crop this year, according to estimates. Approximately half this number will be required in Marion and Polk counties.

John R. Stites and L. H. Barnett of Salem sent to Warren G. Harding, president of the United States, a 10-pound crate of Lambert cherries. The cherries were grown in Marion county.

L. M. Tucker, in charge of the recently established state fish hatchery on Hood River at the mouth of Green Point creek, has just received 230,000 trout eggs from a hatchery at Klamath Falls.

There are more than 1500 registered real estate brokers in Oregon, according to the annual report of the state real estate department. This is an increase of nearly 200 over last year.
