Firestone
30x3 1/2 STANDARD NON-SKID
The Fastest Selling Tire In America

The increasing popular demand for the Firestone Standard 30x3 1/2 inch tire over a period of years has given us big volume. Our Plant No. 2 devoted wholly to this size tire with a capacity of 16,000 tires and 20,000 tubes per day cuts costs on every operation. On May 2, we dropped our price to \$13.95 passing on to the car owner the full benefits of this big sales volume and this labor-saving plant. This tire has been our standard for years—four plies long staple fabric—extra gum between plies—heavy non-skid tread. The greatest value ever offered car owners. Insist on Firestone.

Our Cord Tire Values
Firestone Cord tires are made exclusively in Plant No. 1. Our process of double gum-dipping each ply of cord gives thicker insulation. The massive non-skid tread, with extra thickness where wear is most severe, gives real effectiveness in holding the car against slipping and adds many extra miles of service.

Firestone Cord tires are sold at the lowest prices in cord tire history: 30x3 1/2, \$24.50; 32x4, \$46.30; 34x4 1/2, \$54.90.

On Sunday they picniced on the banks of the Molalla river near Knight's bridge—one of the finest recreation spots in Clackamas county.

A dance was held at the J. B. Gibson hall last Saturday evening at Macksburg, and a good sized crowd was in attendance.

George W. Scramlin, Macksburg merchant, is spending the entire week in Portland, attending Buyers' convention. Mr. M. E. Scramlin, the former's brother is looking after the store during his absence.

LIVELY BALL GAME AT MACKSBURG SUNDAY

One of the largest crowds that has assembled at Macksburg for many months was there last Sunday to see the ball game between the "crack team" of the Fields Motor Company of Portland and the famous Macksburg "strong arm" team. The score was three to eleven (3 to 11) in favor of the visiting team. The Macksburg players were: Pitcher, L. Vick; catcher, C. Vick; first base, A. Kalb; second base, Paul Peters; third base, W. Zacher; short stop H. Riddings; right field, G. Krause; left field, H. Etzel; Center, R. Etzel. Not so bad after all, boys. The "crack team" of the motor company continually practices after working hours and every minute possible, while the Macksburg boys are all prosperous farmer boys and work too long days to enable themselves to devote necessary time to the practice of baseball in harvest time, but watch out next time!

Thirty-one years ago in June, Mrs. J. N. Dustin, then Mrs. Jennie Newbury, came here from Jefferson Island, near Butte, Montana and started the New Era store that most of us know about. She is there yet, so this is no obituary. Mrs. Newbury became Mrs. Dustin in 1905. She had the railroad office, express office and post office 31 years, but now the express office cut off and the other two besides the store, and she has always done a remarkably good business during the 31 years. Her mother, Mrs. Mary E. Moore still lives at Jefferson Island, Montana. Her oldest son, Ray, is manager of the Western Oregon Handle Factory of Portland. There are four other children and all are Newburys and all live in Portland except one daughter who lives at Dalles.
