### A Town of Beautiful Homes

The home beautiful idea prevails in Aurora, and at this time of year we begin to rake off, trim up and fix for pretty homes next year. Aurora, being right on the Pacific Highway, undergoes an every day inspection by thousands passing through in autos and many are the flattering comments heard on our beautiful flowers, lawns and homes. The women are responsible for this home condition more than the men. It is difficult to pass judgement on the best and most beautiful kept premises, but Mrs. Wurster's flower garden and lawn has attracted and brought much praise. There are several homes that rank equally for display. Some would show up more beautifully if the fence were removed, some need paint, and many trees need care and spraying. Every year until after the 1925 Fair will see more travel through Aurora and we must endeavor to improve the appearance yearly. We are glad to see the pride taken in this respect and it is worthy of a contest. Good work for the Women's Club and Commercial Club. A prize might be offered next year for the most beautiful home surroundings.

## BRUNSWICK TIRES

Are made not for a price but for a purpose. The Brunswick policy builds for the future, the first object being to make a tire that will give you the utmost in service and satisfaction. So Brunswick Tires are built on the sound policy of making the price fit the quality, instead of making the quality fit a price.

The true measure of a tire's value is not its cost, but its price per mile of active service.

Let your next tire be a Brunswick and you will soon have all Brunswicks.
