Cuticura Soap

Clears the Skin and Keeps it Clear

Soap, Ointment, Talcum, etc. everywhere. Samples free of Charge. Laboratories, Dept. X, Malden, Mass.

The Remedy.

Louise spent part of the summer with a nervous aunt, whom the doctor told to rest and relax several times daily. After Louise's return home she heard her mother complain of a nervous headache. She said, "Mamma, I can tell you how to get rid of nerves 'n' r'vrything. Relapse and keep at it."

X-Rayed a Mummy.

An English scientist has taken an X-ray picture of the hand of an Egyptian princess of the second dynasty (about 4500 B. C.), taken through the wrappings of her mummified remains, showing all the bones with great clearness, and a ring on the third finger.

In Northern Chile.

Northern Chile depends almost wholly upon two industries, nitrate and copper mining. Of these, the former is most important, both from the standpoint of extensive operation and the direct economic effect upon the population as a whole.

Cuticura for Pimply Faces.

To remove pimples and blackheads smear them with Cuticura Ointment. Wash off in five minutes with Cuticura Soap and hot water. Once clear keep your skin clear by using them for daily toilet purposes. Don't fail to include Cuticura Talcum.—Adv.

Speaking of Names.

We learn that a young woman of Detroit rejoices in or deprecates the name of Eura Case, but speaking of singular monikers it would be pretty hard to beat that of a negro youngster in Alabama, Reguspatoff (Reg. U. S. Pat. Off.) Johnson.—Boston Transcript.

Painting on Spider's Web.

Painting on spider web is done in Norway and the pictures are framed like any other drawing. The webs employed which are of a very dense weave are found only in few localities difficult of access, and the supply of them is limited.

Specific at Hand.

John was visiting his grandmother, who has a candy store. On being told he would be sick from eating so much candy, he replied: "Oh, that's all right. Mother has pills to make me well."

Honor in Left-Hand Greeting.

The giving of the left hand in greeting is a compliment in France, and is reserved for relatives, or those held in high esteem by the giver.

The Text.

"Mabel is engaged to a young man she met on her vacation." "That so?" "When is the wedding to be?" "She doesn't know that. She's got to wait and see whether or not he's going to write to her. It may be that he'll just forget about it, you know."

Daylight is the Time.

Lying awake nights will not crack a single one of life's hard butternuts. You have to keep pounding as long as daylight lasts.

P. N. U. No. 40, 1921

STATE NEWS IN BRIEF.

Prineville.—Cattle men are shipping out many cattle at this time. During the past week 41 carloads have been shipped to Portland over the City of Prineville railroad.

Albany.—An old-fashioned horse-shoe pitching tournament will be a feature of the Linn county fair next week. It will take place during the forenoon of October 5.

Salem.—There were three fatalities due to industrial accident in Oregon during the week ending September 22, according to a report prepared here by the state industrial accident commission.

Astoria.—The fall fishing season on the Columbia river opened at noon Saturday, but the pack will be exceedingly small. Only two of the packing plants on the river are to operate, as far as announced.

Prineville.—Dr. H. W. Lytle, state veterinarian, has sent health certificates to 62 dairymen in Crook county for their herds. Dr. Lytle recently made a test throughout the county and found no tubercular reactions in any of the herds examined.

Portland.—New business in the lumber industry of western Oregon and western Washington was in excess of production for the week ended September 17 by more than 5,000,000 feet, according to the weekly lumber review just issued by the West Coast Lumbermen's association.

Salem.—Automobile license fees aggregating \$449,800.89 were apportioned among the various counties of the state Saturday by order of Sam A. Koser, secretary of state. This is the second distribution of these fees for the year, and was made under an act of the 1921 legislature.

Harrisburg.—The hop industry of the Harrisburg section will bring to the growers about \$130,000 for this year's crop. This estimate is made from figures compiled by the Harrisburg Bulletin. The total acreage is about 375 and the total number of bales of hops is approximately 2150.

Brownsville.—The Calapooia valley fair was held here Friday under ideal weather conditions and a good crowd attended. A programme, featuring speeches by J. K. Weatherford of Albany, Mayor White and others, occurred in the evening by way of celebration over completion of Brownsville paving.

Grants Pass.—Mystery surrounds the death of J. N. Rainey, 60 years, reclusive, whose body was found Saturday in his cabin on Whisky creek, near here. Little is known of the old man here, other than that he made an occasional visit to town in order to sell fish. He was an old-time fisherman and trapper.

Salem.—School notes aggregating \$6,771,169.83 were in custody of George G. Brown, clerk of the Oregon state land board, on September 1, 1921, according to a report issued Saturday. Of these securities, \$172,030 represented agricultural college notes, \$80,725 University of Oregon notes and \$444,587.96 rural credit loan notes.

Boardman.—An extensive rabbit campaign was worked out Saturday night, Albert Swain of the United States biological survey co-operating with the local committee. Poisoning in several ways is to be employed by everybody. Several wire fence traps are to be built and a series of drives covering the project will be staged.

The Dalles.—Wasco county's 1921 apple crop probably will exceed 275,000 packed boxes, in the opinion of County Agent Jackman. Of this total about 165,000 boxes of the fruit will come from the Mosler district, the remainder coming from Dufur, Jackman estimates. Nearly all of this year's apple crop is up to a high standard. Most of the apples are large and well colored.

Cottage Grove.—The most important piece of work so far undertaken by the reorganized chamber of commerce is a city beautification and sanitation campaign. A picture-taking contest is in progress. Prizes will be given for the best pictures of most unsightly and unsanitary spots in Cottage Grove. A number of pictures already have been submitted and more are being taken.

Marshfield.—The legion of the Black Cross is a new institution forming here, according to colored posters distributed about the district. The order is in the interests of repealing the prohibition law and replacing it with a better one. It stands for moderation, not fanaticism; believes in the right of a person to eat or drink whatever he chooses, so long as he does not become a public nuisance or encroach upon the rights of others. The personal representatives of the legion will call upon the people for memberships. Nobody knows who is organizing the legion.

SCHOOL DAYS

Goah, Dan, haint you glad you aint a boy?

Mother's Cook Book

Beauty and joy—the bread and wine and all—
We have foresworn; our noisy hearts forget;
We stray and on strange altars cry and call.
Ah, patient gods, be patient with us yet,
And Pan pipe on, pipe on, till we shall rise,
And follow, and be happy, and be wise.

LYRICS OF LIFE

By DOUGLAS MALLOCH

THE CONTEST.

OLD age complains when Winter reigns.
But youth runs out to play
And finds in storms a thing that warms
Its pulses all the way—
It is the contest so intense
With Winter's angry elements.

The weak perspire beside the fire
And shiver with the cold;
The sturdy go to meet the snow
With hearts increasing bold,
With hearts made stronger by the gale,
Whatever arrows may assail.

The timid groan, the timid moan,
When troubles cloud the sky;
The brave go out and do not doubt,
Unfriendly fate defy,
And find each contest bravely met
Makes each contestant braver yet.

When thunders roll before your goal,
What will your answer be?
Will you go forth to face the north,
Or from the north flee?
Does Winter drive you to your fire,
Or each new storm new strength inspire?

THE GIRL ON THE JOB

How to Succeed—How to Get Ahead—How to Make Good

By JESSIE ROBERTS

NEVER A BETTER TIME

THERE never was a better time than today for the girl or woman who wants to do well in business to make a success. The world needs constructive work. It doesn't care who does it, provided the work is good. Women are picked for jobs that not long ago would certainly have gone to men. In Washington, for instance, a girl has been made manager of the lunch room in the Treasury building. This restaurant serves lunches to 1,000 government employees every day. The business detail of running such a place is great, and only a trained woman could undertake it. But Miss Dorothy Chapman is trained, having been graduated in home economics at Cornell university, one of a large class, and these trained women will find the field ready for them.

There are other ways for women who have taken special training in domestic science to make money. One such woman serves box lunches to office workers in one of the big city office buildings. These lunches are put up at different prices, three grades, each containing a balanced ration, excellent food, well-prepared and daintily served in its white box.

There is certainly an opportunity to use this idea at railway stations. The thing is to be the first in the field at the chosen center.

Honest value and sound methods are what are needed—and training! Training is by no means a college career or work in a business school, though these are fine things to have. Training can be self-acquired if you really want it.

A NONEXPERT OPINION.

At first it was not dyed with care,
And so it died itself.
