**Frenchman Didn't Read Will on Body of Dead Man He Stumbled Over in Forest.**  
 Sells, France.—Three hundred yards from the monument which marks the farthest southern advance of the German army in France, in the woods near here, Anatole Demuy, a pensioned railroad worker, stumbled upon the body of a man, whose right hand still held a revolver.  
 Demuy lost no time in going through the dead man's pockets and appropriating 3,500 francs, scorning national defense bonds and other papers.  
 Noticing his exaggerated expenditures and failing to obtain any information from her husband as to the hidden source of his sudden wealth, Demuy's wife reported him to the police. He was arrested and upon threat of being charged with theft, directed the police to the spot where the body was found.

# STATE NEWS IN BRIEF.

Salem.—Andrew Vachter, Nick Sabo and A. Stravens, farmers residing in the vicinity of Gervais, were fined \$125 in the justice court here Friday on charges of having liquor in their possession.

Salem.—Uniform policies governing the extension of service by electric utilities to prospective customers, will be the subject of discussion at a conference called by the Oregon public service to be held in Salem, November 28.

Salem.—Applications aggregating 11,723 have been filed by ex-service men entitled to benefits under the so-called bonus law, according to an announcement last week of officials to the world war veterans state aid commission.

Bend.—Unofficial returns on Saturday's election on the central Oregon irrigation district showed that both the \$180,000 bond issue and the \$1.25 an acre special assessment, which were the two measures voted on, carried by large majorities.

La Grande.—With only about 40 farmers raising Hybrid 128 wheat a year ago, the increased yield of this variety over the fortyfold, which has been the main variety of winter wheat raised here in the past, has been so great that approximately 500 farmers will produce the new variety next year.

St. Helens.—That the taxpayers in the several road districts in Columbia county favor a continuance of the good roads program, is indicated by petitions from 12 of the 16 districts for special district road meetings to be held on Saturday, November 26, to decide whether special road taxes shall be voted.

Roseburg.—Douglas county broccoli growers Friday completed a co-operative organization to be known as the Umpqua Broccoli Exchange. The organization has as its purpose co-operation in purchasing supplies and in marketing the crops and especially the creation of a cash market for produce.

Salem.—Sam A. Kozer, secretary of state, and O. P. Hoff, state treasurer, Sunday completed the task of signing \$1,000,000 of state highway bonds. These bonds were sold by the state highway commission at a meeting held recently in Portland. The money derived from the securities will be expended in new road construction.

Toledo.—If bank deposits are an indication of the present financial condition adjacent to Toledo, the situation is indeed encouraging here. William Beck, cashier of the First National bank, reported gradual increase in deposits during the past month, the total deposits for November 9 being 25 per cent greater than a month ago.

Gold Hill.—The Oregon-Pittsburg Mining company, which recently acquired the Sylvanite group of gold mines two miles north of Gold Hill, propose to relieve the dwelling-house shortage in Gold Hill by erecting a sufficient number of modern cottages to house their married employees. They hope to add to the efficiency of their employes.

Marshfield.—Jay L. Smith, bank agent for the agriculturalists in Coos county, is putting on another scrub bull exchange late in November and is inviting the ranchers to notify him of any such exchange, and also to send any other stock they wish to sell. Several exchange campaigns were made last fall and the county dairy stock was well cleaned of scrub animals.

Salem.—Appellant's brief in the suit brought by Thomas H. Boyd, commander of Portland post, American Legion, to test the legality of the so-called bonus law enacted at the last session of the legislature, was filed in the Oregon supreme court Saturday. Governor Olcott and members of the world war veterans state aid commission are named as defendants in the action.

Salem.—Members of the Oregon state fair board who returned here Saturday from Portland said that A. H. Lea, secretary, probably would remain at the head of the fair board for another year. Mr. Lea recently submitted his resignation to the board, but at the solicitation of several members of the body agreed to stay on the job for another year, in the event his services were needed.

Hood River.—After a long session the members of the city council, receiving the counsel of a budget committee, were unable to devise means of lessening city taxes for the coming year. The members of the advisory board, however, urged that hereafter the city incur no deficits. With the beginning of the year the city had a deficit of \$8000. This has been reduced to an approximate \$1000.

**PULLETS MUST HAVE GREENS**  
 Fowls Seldom Pick Up Enough on Free Range in Fall on Account of Plants Drying Up.  
 Green feed must be provided if the pullets are to grow rapidly. They seldom get enough even when on free range in early fall, for most of the plants and herbage have long since passed the succulent stage. A newly moved field of grass or a patch of rye, wheat, oats, barley, or rape sowed especially for the poultry gives the best supply. Cabbage, chard, or beet tops may be used.

 "I am friendless and without family. I leave all the money, bonds and valuables found on me to the person finding my body, after deducting the expense of a modest funeral."

**Men Descended From Cats.**  
 John M. Tyler, professor emeritus of biology of Amherst college, has been looking into our beginnings and he thinks that in appearance and structure the cats were much better justified than the apes in aspiring to bipedal pre-eminence, and that on form they should have won the future and made certain the ultimate holding of all meetings of art and learning on the back fence.—St. Louis Post-Dispatch.

**Make Funnel From Eggshell.**  
 When it is desired to fill narrow-necked bottles and a funnel is unavailable, one can be improvised from an eggshell. The shell should be quite dry, and a small opening made at the bottom. Stand the shell so that the hole is well over the opening of the container to be filled, and proceed as with a regular funnel.
