AURORA GRADE SCHOOL WILL OPEN NEXT MONDAY, SEPT. 17

The Aurora Public School will open Monday, September 17th, and the principal wishes to advise the patrons of the school that a full attendance is desired on the opening day. It has been the custom for pupils of the older grades to remain at home during the first three or four weeks of school helping parents clear up the fall work. While this may seem necessary to the parents, the principal wishes to advise that there is a certain amount of hard work, especially for pupils of the eighth grade, to be covered during the school year and keeping pupils at home during the first few weeks of school puts them behind their classes and, necessarily, forces them to work under a handicap during the entire school year.

Pupils of all grades should come prepared to do a full day's work the first day. Oftentimes pupils come the first day with absolutely nothing to work with, thus causing delay and confusion in assigning lessons. The excuse offered for this is that the child did not know what books would be needed. Will-Snyder store, where school books are sold, has a full list of books required in each grade so there is no excuse why pupils should not come fully equipped with books, pencils and paper, prepared to do a full day's work the first day.

The principal and the teachers will be only too glad to cooperate with the parents in solving any problem pertaining to the welfare of the children. Feel free to call on us at any time.

R. H. SOUTHWICK.

University Students Requested to be in Eugene by September 25th.

University of Oregon, Eugene, September 13., Special.—High school graduates who plan to enter the University of Oregon this fall are requested by University officials to be in Eugene September 25th. The regular freshman English examination will be held on that date.

Registration dates for both new and old students will be Thursday and Friday, September 27 and 28. Classes begin on the following Monday, October 1.

The registration procedure is as follows: The student will call at the registrar's office in the Administration Building to obtain his registration blanks. He next takes his blanks to his adviser, the adviser being a member of the faculty of the department or school in which the student has elected to undertake his major work. In consultation with the adviser the student's course is arranged.

An innovation in this year's registration plan, which will simplify procedure, is that the student will register on September 27 and 28 for the entire year's work. This will eliminate registrations at the

Union H. S. Announcement

The Woodburn Union High School will open for the 1923-24 term, on Monday, September 17. All students should register on Thursday and Friday, September 13 and 14, at the high school building. Those who have already filled out blanks indicating the subjects which they wish to take, should register at this time, as there were some conflicts when the daily program was arranged. Everything is in readiness for registrations now, and those who register after this will not have to re-register after school opens.

Transportation for all pupils in the union high school district has been voted by the voters of the district, but the school board has not completed arrangements for the buses. It is expected that these details will be arranged within the next few days.

The tuition for pupils living in other high school districts has been set at \$50.00 per semester, for all except Seniors who attended here last year. For Seniors who attended here last year, a tuition of \$25.00 per semester will be charged. All tuition must be paid by semester in advance to the clerk, and his receipt presented to the principal when the student registers. There is, of course, no tuition charged for pupils who do not reside in a high school district. Such pupils will have to arrange their own transportation.

We expect to make this school in reality what it is in name and boundaries, a real union community high school. Each locality of the district is entitled to the same privileges and service as every other locality. Our courses are as thorough and as well taught as those of any high school in the state. With the proper cooperation of those interested in the education of our young people, we shall be able to increase the usefulness of the school to the whole community.

We shall work all, and we ask the interest and assistance of all.

F. E. FAGAN, Principal.

INTERESTING DISCUSSION OF TAX QUESTION TO BE HELD IN SALEM

Aurora folks who are interested in taxes, and also interested in the new commission formed by the last legislature to look into taxes, will have an opportunity on the evening of Thursday, Sept. 20, of hearing members of the commission talk.

On that date the Marion County Community Federation, representing 25 communities in the county, will meet at the Chamber of Commerce in Salem to hear just what the new commission thinks.

Seymour Jones, chairman of the commission, will deliver the address of the evening, and tell what he knows about the commission's authority to tell the county and all municipal bodies in the county how to save money.

The commission is named by the governor and as a result will not be afraid to say what it thinks about the communities spending money.

The county court, consisting of W. H. Bushev, J. T. Hunt and Jim Smith of St. Paul, will be asked to attend the meeting and given a chance to express its opinion.

Taxes are always a pleasant subject to discuss and on this next federation meet Seymour Jones will not only express his opinion, about the duties of this commission, but will also tell what he thinks about the referendum next November on the income tax measure.

The Marion County Community Federation now represents 25 communities, with three delegates elected from each to discuss to business matters.

Special efforts will be made to secure a good representative from Aurora, as this will be the first chance to get the views of the new commission on its tax duties.

The program will be interesting throughout. It will begin at 8 o'clock on the evening of Thursday, September 20, The Chamber of Commerce is located over Shipley's store.

The Federation delegates from Aurora are H. L. Bents, Zeno Schwab and Jack Sadler.
