AND ARE NOW READY FOR BUSINESS

DR. F. L. UTTER

DR. E. H. UTTER

Since adopting "TWILIGHT SLEEP" for the teeth, in October 1922, our business has increased to such an extent that it is now necessary to move to larger quarters. Our new parlors, located on the corner of State and Commercial streets, formerly occupied by the Chastain Clothing store, composes five operating rooms, a large reception room, x-ray room, rest room and lavatory. This large space will enable us to care for our patients in a minimum time, when consistent with good dentistry, work will be completed in one or two visits. Our staff will be composed of high grade graduate dentists especially trained in the use of Twilight Sleep for the teeth; also competent nurses to look after the patients' welfare and care.

Come to this excellent office. Here you will realize how really comfortable dentistry CAN be. We have left nothing undone that can add to your comfort or health. Efficient, gentlemanly operators perform your work. And, best of all, we, and we alone, are privileged to use and administer the wonderful dental anaesthetic—Twilight Sleep for the Teeth.

You Are Welcome to an Examination
and we will gladly give an estimate on dental work.

X-RAY DEPARTMENT

Our X-ray department enables us to make absolute and true diagnosis. This department is under the direct control of Miss Crooks, who, besides being well fitted temperamentally for this important work, has had much experience and technical training which qualifies her to handle the most delicate cases requiring skill and accuracy.
