Help the Woman's Club

No more deserving movement has ever been started than that inaugurated by the Silverton Woman's Club to save the beautiful trees in Oregon.

The movement has the endorsement of the American Tree Association, which offers to lend material assistance to preserve the beauty of Oregon.

The Federation of Woman's Clubs of the State will ask that this campaign be given official recognition and necessary legislation required.

Woman's clubs all over the state are asked to make a survey of the most beautiful trees and small groves on the highways to be preserved.

White for County Superintendent Meets Hearty Approval Throughout County

Announcement of Prof O. V. White, of Stayton, as a candidate for County Superintendent of Schools, is highly pleasing to the public and especially to the educators of Marion County.

Mr. White is not only a man of fine character, but is one of the "Best Equipped Educators of the State. He is especially fitted for the position which he seeks, by nature, study and training. His extensive teaching experience in the rural and ungraded schools, as well as the graded schools, makes him a most desirable man for the office of superintendent.

Mr. White has been superintendent of the Stayton schools for the past five years. He is a graduate of Philomath College and the University of Oregon. He has taught in the state for the past twenty years, having held principalships in Linn, Benton and Marion counties. He served four years on the county board of teachers' examiners of Benton county and two years a member of the board of eighth grade examiners. He was also institute instructor for Linn and Benton counties for four years.

As a boy he attended the rural schools and became a successful teacher. He is kind, mindful and of a genial sympathetic nature.

His slogan is: "The schools' highest interests will be my best and uppermost interests." His platform reads: "I will stand for the best interests of the public schools of the county and to the best of my ability see to it that the schools shall serve the highest interests of the several communities of the county."

School directors, patrons and pupils from the youngest to the oldest will find a kind and helpful counselor in Mr. White. —Aumsville Star.
