Judge Downing for Tax Reduction In Common Sense Way

W. H. Downing is touring the country in behalf of his candidacy, meeting old acquaintances and forming new ones.

Judge Downing was born in Marion county in 1858 and has resided in Marion county ever since, getting his preliminary education in the public schools of the county and completing his education in Willamette University.

He is a farmer and has long been a taxpayer in the county, having always taken an interest in public affairs, but never holding a public office prior to his appointment to the present position of County Judge on October 6th, 1923. Since his appointment he has faithfully served the people of the county, and his record as Judge during the brief period of his service stands open for inspection to every citizen of the county.

He is a good business man and has taken a keen interest in all the business affairs of the county.

His platform is:

1. Law Enforcement—I stand for strict and impartial law enforcement.

2. Lower Taxes—I am a heavy taxpayer and believe in reducing the county taxes to a minimum and that the only way to accomplish this is to spend less money by a sensible business administration of county affairs, which policy I am practicing and will continue if re-elected.

3. Market Roads—I am in favor of extending market roads back into the rural districts and connecting up the present market roads without issuing more bonds. This can be done after this year by the economic use of funds then available.

Probate Matters—I have had many years of practical business experience and will give my attention and apply that experience to

all matters of probate and other affairs of the county.

5. Juvenile Department—I have raised a family of my own and am deeply interested in this department of the county's work, pledging myself to aid every boy and girl in the county in distress, to the utmost of my power and ability.

Judge Downing's slogan will be: "Present incumbent, for law enforcement, and lower taxes by spending less money."
