San Diego Motorman Found Difficulty Staying on Job Due to Ill Health Brought on by Severe Stomach Troubles. Marvelous Tanlac Restores Him.

"After reading about Tanlac I decided to try it. Immediately I began to feel stronger. My appetite returned. By the end of six weeks I was feeling like an entirely different person and was eating and digesting my food better than in years. I got rid of the sluggish, fagged-out feeling, and my strength and energy came back with vim."

#### Seek Changes in Old English Laws

If a traveler led a horse up to the Savoy or Claridge hotels, the manager, under English law, would be obliged to furnish shelter for "man and beast."

It is no dead letter either, for the manager, although he has no longer any stable on the premises, would send the horse around to a livery stable for the guest and act as though nothing had happened.

A bill has been drafted to remove some of the many anomalies in an act which has stood pretty well unchanged, for 300 years.

At present a landlord is responsible to a guest, up to the value of \$150, for any property stolen on his premises unless he can prove gross negligence on the part of the guest. It does not matter how many notices he posts up repudiating responsibility, the courts under the present law will hold him liable. This is a point which the British hotelkeepers are anxious to see changed.—London Times.
