### Donald Brieflets

The regular meeting of the city council was held Tuesday evening in the office of the clerk, Fred Gearin, and routine business transacted. An effort is being made by the council to have owners repair their sidewalks, some of which have been in bad shape for some time. The council will meet again next Tuesday.

The James Ryan home west of here was the scene of a charivari party on Saturday evening to honor Mr. and Mrs. Peter Kunz (Dorothy Ryan) whose marriage occurred in Portland a few days earlier. A large crowd was present to enjoy the evening, at the close of which home-made ice cream was served. Mr. and Mrs. Kunz left Sunday for Colfax, Wash., where they expect to remain during the harvest season.

A three-horse team belonging to J. H. Miller and driven by his son, Edwin, staged an exciting runaway here on Tuesday afternoon. Two horses were hitched to a wagon, a third at the side, and being left in front of the blacksmith shop, started running. The third horse caused them to run in circles and they went through house yards, vacant lots, across the street and around again until tired out. The wagon stayed upright and the only damage was a broken tug strap.

### Bread Upon the Waters

This little incident has been reported to us:

A woman got on a Back Bay car and, fumbling for her purse, she found she had left it at home. "I'm afraid I shall have to get off at the next stop," she said to the conductor. "I haven't brought any money with me."

Just then a new boy who was standing near her said: "Here, lady, I got a dime to lend yer." She looked at the boy and took the proffered coin. "Thank you," she said. "I'll pay it back if you will give me your address."

"Don't worry about dat," he replied. "I'm the kid you gave half a dollar to las' Christmas when you bought a paper from me on de corner. I ain't forgot you. I'm sellin' papers there yet."

She smiled at him and when he left the car he was about the proudest boy in town.—Boston Transcript.

### His Wife as Monitor

Often the judgments of the bureau of industrial relations are laid deep in human nature. A New York manufacturer advertised in the newspapers for young women of a particular type. Girls who took employment in his factory complained of his attentions to them, but none was willing to appear publicly to prosecute him. The authority of the state was invoked, with the result that the manufacturer promised no longer to advertise for employees of any special style or complexion. But the further compromise arranged by the state is described in the Industrial Bulletin in these words:

"It was agreed that the manufacturer's wife remain in the place of business so that no further trouble of this kind should occur."

Most husbands will agree that the arbitration was well salted.—New York Sun.

### Helpful Suggestion

Peter, three and a half, was caught red-handed throwing the morning's letters into the grate fire and gleefully watching the flames. It was his third offense. Seriously, his father took him in hand. "I don't want to punish you, Peter, but what shall I do to make you remember?" The young delinquent looked thoughtful; then, brightening, advised: "I'll tell you what to do, daddy—you just put it down in writing."

### First Secretary of State

Thomas Jefferson was chosen by President Washington to be secretary of state or secretary of foreign affairs in the first cabinet. But Jefferson was still in France when the new government began to function. John Jay was secretary of foreign affairs under the articles of confederation and acted as secretary of state, at Washington's request, until Jefferson's arrival in March, 1790.

### No Superlative

An English teacher was making it a practice of giving an SA class a review of a certain point in grammar each day. One day she said, "You may compare the adjectives I shall give you."

The entire class looked puzzled. To the first girl the teacher said, "high." There was a little pause and finally in a little hesitant voice, the girl said, "hello!"

### Up to Her

"A clever wife can plant in her husband's mind, if he loves her deeply, the image she wants him to hold of her," writes Jane Bradley in an article in Liberty.

## Gives Historical Account of Old Colony Times

him and those with a profession received its equipment.

"Dr. Keil was a very powerful, 'heavy-set' man, above medium height, weighed considerably over 200 pounds. He had an upright bearing, most open countenance, positive features, bold, searching eye and a direct gaze. He was a natural born leader," Michael Rapps is quoted by the Oregon Historical Quarterly as having said. It was the lack of a leader to take Dr. Keil's place and the dissatisfaction of the younger generation that caused the colony to dissolve.

### Hubbard Notes

Mr. and Mrs. Mel Malone, proprietors of the Three-in-one place of business, are taking an outing. They are visiting relatives in Baker, Oregon, and will be gone for ten days. John Friend is in charge of the business during their absence.

John Smolnisky was host to the grocers from the different valley towns, Canby, Aurora, Donald, Molalla and Fargo being represented. Matters of business interest were discussed the larger part of the evening. The meet-

ing was held Wednesday evening in the Odd Fellows hall.

Dr. A. Jordan and wife from Helena, Montana, are visiting with Mr. and Mrs. Ed Wolfer and with the Dr. Schor family. From here the Jordans expect to go to Seattle and from there on to Alaska. Other guests at the Wolfer and Schor homes are Mr. and Mrs. J. M. Reed from Iowa. The latter are visiting with a son in Portland and drove up there to visit with their Hubbard friends.

Mrs. Jerome Jackson, who has been visiting in various places in California for the last two months, returned home Thursday morning. Jerome says he new feels relieved from a great deal of the actual housekeeping and can devote more of his spare time to his hobby, baseball. Mrs. Jackson reports a delightful visit but adds that she is glad to be back in Hubbard.

Geo. Becke is having some trouble with his right eye. It has been giving him more or less annoyance for some time and indications are that he will be under the care of a specialist in order to take care of the trouble.

The White school district had an all-day outing at Shade Acres. Those taking part were the Taylor, Clark, Crann, Fry, Van Vleet, More, Carother, Huggill, Stauffer, Morgan, Riemer, White, Phillips, Hill and Monson families. The new water shoot in the river was given a thorough tryout and pro-

nounced to be a first-class thriller. The White school community has an outing every summer and have a number of get-together meetings during the winter so that a truly community spirit prevails.

### Christ Lutheran Church Alfred R. Knorr, Pastor

This is the day of the annual Children's Mission Day. There will be no services in the church; but congregation and church school will repair for the day to Hempstead's park. The morning services begin at 10:00 a. m. There are seats in the shade. In place of the regular services the Sunday School will give their prepared program. There will be speaking and singing and a short sermon to the children. Every family will bring their basket lunch. Coffee will be served gratis. In the afternoon at 2 p. m. there will be an address by an outside minister, followed by a program of fun for the young people and all who are willing to enjoy themselves. The community is invited to spend the day with us. A committee has prepared a fine program and refreshments.

The Sunday School meets Friday p. m. at two for final rehearsals. The choir Friday evening.

Aurora: 50 minutes from Salem; 60 minutes from Portland; 30 minutes from Oregon City.
