"I have cast these figures eight times, sir."

"Very good and thorough."

"Here are the eight results."—H. Travasco, Rome.

Superseded

"Do you think eloquence is as much in request as it used to be?"

"No," replied Senator Sorghum. "Nowadays prizes are given for aviation and not for flights of oratory."

OH, ER, WHAT?

"Everyone is commenting on my youthful appearance."

"Yes, I've heard a lot of them say you were remarkably well preserved."

PROFIT AND LOSS

"I simply can't shake Bill."

"Why don't you go out the evenings he is to call?"

"I've tried that, and he stays the whole evening admiring my photo."

Like a Champion!

The champion athlete, in bed with a cold, was told he had a temperature. "How high is it, doctor?" he wanted to know.

"A hundred and one."

"What's the world's record?"

He Learned

"Is that your college diploma you have framed there?"

"Well, it's a sort of diploma. It's a worthless stock certificate showing that I've been through the school of experience."—Wall Street Journal.

Tall Stories

Boaster—Yes, when I was in Africa a lion ran across my path. I had no gun in my hand so I took a pail of water and poured it over his head and he ran away.

Bored Listener—I can vouch for that. I was in Africa at the time and the lion ran into me and when I stroked his mane, it was still quite damp.

GET AN ERASER

She—My father is very good at reading faces.

He—In that case I suppose I'd better not print any kisses there.

Minute Change Is Made in Our Inch; Now 25.4 Mm.

The American inch unit of measurements has lost two-millionths of its former length in order that precise measuring in the United States and England may be done on the same basis. The new definition of the inch is now 25.4 millimeters—a difference of about one-eight inch in a mile as compared with the former American standard.

This minute alteration was made necessary by modern precision manufacturing and the confusion arising from varying standards in the two countries.—Montreal Herald.

Smiles!

That Should Get a Laugh
A theatrical agent persuaded the conductor of a variety broadcast to use Joe Frisco in a five minute bit. "I got you a five-minute bit on the air," the agent then told Joe. "What can you do in that time?"

Don't Guess But Know

Whether the "Pain" Remedy You Use is SAFE?

Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations

THE person to ask whether the preparation you or your family are taking for the relief of headaches is SAFE to use regularly is your family doctor. Ask him particularly about Genuine BAYER ASPIRIN.

He will tell you that before the discovery of Bayer Aspirin most "pain" remedies were advised against by physicians as bad for the stomach and, often, for the heart. Which is food for thought if you seek quick, safe relief.

Scientists rate Bayer Aspirin among the fastest methods yet discovered for the relief of headaches and the pains of rheumatism, neuritis and neuralgia. And the experience of millions of users has proved it safe for the average person to use regularly. In your own interest remember this.

You can get Genuine Bayer Aspirin at any drug store—simply by asking for it by its full name, BAYER ASPIRIN. Make it a point to do this—and see that you get what you want.

Push It Aside

When you meet trouble, just go ahead. Often, it skeddaddles.

A WAY OUT

She—I don't speak to strangers.

He—Well, all I want is to get acquainted. Then we won't be strangers.

Easy to Please

"Did I leave an umbrella here yesterday?"

"What kind of an umbrella?"

"Oh, any kind. I'm not fussy."
