

Hubbard . . .

(By J. S. Van Winkle)

CONGREGATIONAL CHURCH

Easter was a grand day at the church. The decorations were beautiful and we thank all who brought their Easter lillies to help make the church a bower of beauty. The church was full to the doors.

Next Sunday the pastor will preach and Miss Margaret Cook will play "The Holy City" as a violin solo.

Sunday morning at 9:30 a fire was discovered in the wall of the K. of P. building. It is thought it was started from defective wiring. The prompt arrival of the Hubbard Fire department resulted in putting out the fire before it spread to the rest of the building. Considerable damage was done to Friend's barber shop and Mel's Pastime by smoke and water. The Woodburn department sent a truck to aid in case the fire should spread to the rest of the building.

Hubbard high school baseball team defeated Scotts Mills in a very close and interesting game last week, 2 to 1. This week they also defeated a team from Gervais high school.

Sunday afternoon the Hubbard high school orchestra, under the direction of Dr. deLespinasse, took part in the regular Sunday afternoon services at the State Training school. J. S. Van Winkle preached at this service.

The annual egg hunt was staged Sunday by the Congregational Sunday school.

The Sunday school class of Mrs. Rogers held an Easter party

at the Rogers' home Saturday. Among other things eggs were colored for the egg hunt.

The delay in the arrival of pipe couplings has delayed the installation of the new pipe. Much ditch has been dug so that when the necessary material arrives the replacement of the old wooden pipe with the new iron pipe should progress rapidly. This is a much needed and worthwhile improvement and if the water is turned off now and then the citizens of Hubbard should take the inconvenience in stride and realize that it is in the cause of improvement.

The city council designated April 16 and 17 as Clean Up days and the truck will make the rounds of the town and pick up the junk placed along the streets.

HUB OF WAR IN BOILING BALKANS

NEW YORK—The above map shows where all the diplomatic activity of Great Britain and the Axis powers is concentrated today

in the Balkans and the possible routes by which war machines are rolling. Greece is firm in its determination to fight on. Turkey

is still the question mark, although she is expected to fight should the vital Dardanelles be menaced. Nobody can make any predictions about Russia.
