PAYING YOUR "DO'S"

The majority of men and women in this community belong to some club, lodge or society, or pay dues to some organization. This is all right. The modern words are organization and cooperation, whether for purposes of religion, social welfare, boys and girls work, education, safety, fraternalism, fellowship or plain unadulterated fun and amusement.

But with our manifold duties to organized agencies, and with all of our loyalty to the special interests and purposes for which we are active and banded together, is there not one "club" we should all "belong" to and pay "dues" into? And that is the great non-organized community of Beaverton. We ought to not only pay dues, but perform "do's" for our own community-at-large, both individually and thru the organized agencies to which we pay money and owe allegiance for community service.

Beaverton is no different in this respect than others, but the fact remains that nearly everybody is organized here but the community. There are things that count generally for the advancement and progress of Beaverton.

Let us continue to be good members, not only of our respective organizations, but of this community we all love. Let's pay some dues and put some "do's" into the neighborhood. Independent of ritual or form, we owe the dues of loyalty, of charity and of neighborliness.

Paying "do's" to Beaverton gives one a "good standing" in the society of citizenship. Cooperation in community effort is the best "membership committee" to build a greater Beaverton. The payment of such dues brings material and moral dividends, and such stock never goes below par.

Two American owned newspapers have been closed in Hankow, and this might lead to more serious consequences than the Chinese expected in the drastic action. Whenever you close the mouthpiece of the people as represented by the newspaper, you've started something.

Mussolini should wait until China gets thru before starting a war in the Balkans. We can't learn more than one set of pronunciations of names of cities at a time.

Earl Carroll must serve a year and a day for allowing a bath-tub party to be "pulled off" in his theatre. Amusement comes high these days.

Time is money all right, but it's a lot cheaper to drive slow than to have accidents and pay damages for your folly in trying to save time.

The Jews claim to be persecuted race, but we notice that they generate all cash in on the payment of damages.

BEAVERTON LOCALS.

G. W. Baker was a Hillsboro visitor Monday.

Stuart Hanna, of Clatskanie, was visiting his parents Sunday.
