Why Not Sell It?

ON EVERY farm there is machinery, implements, stock or other things that are not being used and should be turned into money to be used for other purposes.

In every home there is furniture, trunks and other articles, that might also be sold. The money could be put to use, or in a bank to draw interest. Why not sell such things now?

Or, perhaps, you have chickens, eggs, plants, or seed, or service of some kind that you want to find buyers for.

ENTERPRISE WANT ADS
WILL HELP YOU
FIND BUYERS

Every week these little salesmen are selling goods and services for your neighbors, and at a very low cost—10c a line the first week, and 5c a line after that.

Look around now and have your want ad in the next issue. Phone it in if you wish.

THE
BEAVERTON ENTERPRISE

IF you have something to Sell and are in a big hurry to sell it, let the classified advertising department of this paper prove its ability as a speedy and efficient sales medium

Old Farmington Road is a Market Road

The old Farmington road has been made a market road, and will be improved this spring from Beaverton west to Gaston. A large crew are now working on the project, and when completed this road will be practically as good as the paved highway. Why, would it not be a good idea for us Aloha people to get busy and see what can be done to make Wheeler avenue just as good from the highway south to this new market road? Would it not be worth much more than the cost from a business and trade view point alone? This new market road will carry traffic from the west clear to Gaston, as it will mean a saving of some eight miles from that point as compared with the highway by way of Forest Grove and Hillsboro. Aloha is fortunate in having wide-awake business men with well stocked stores, lumber yards, meat market, bakery, garage, etc., and could easily supply and pull a large amount of patronage from this new territory. A little pep and organized effort on the part of the local business interests can accomplish wonders in putting propositions of this kind across, but it takes action—not mere passive interest. What do you say Matt, or John, Halley, Henry, Howard and all of us.—Ted.
