Juniors and Seniors Enjoy Trip Monday

The trip to Longview Monday made by the Seniors and Juniors of Beaverton High school on the Steamer Georgiana was very instructive as well as entertaining. The Longview Chamber of Commerce took charge of the visitors having three of the city busses there to meet the boat and carry the students on a sight seeing trip over the city.

The Y. M. C. A. building was open to the visitors and many took advantage of a good swim. They left Longview about 6 o'clock and it was decidedly the best trip ever taken by the high school.

Longview hospitality was greatly appreciated. Mr. and Mrs. I. R. Metzler, Mr. and Mrs. E. G. Webb, Mr. and Mrs. W. R. Paulson, Miss Annabelle Isbister, Miss Solona Clasy, of the faculty, accompanied the students.

Dr. Dobbs Delivers a Fine Address

Baccalaureate Services for the class of 1927, Beaverton High School were held in the High School Auditorium last Sunday evening. All of the churches of the city cancelled their evening programs out of respect to the seniors and the congregation practically attended to a man.

Dr. J. F. Dobbs, president Pacific University, was the speaker of the evening. He chose as his subject "The Choosing of a Vocation" and urged his hearers to choose along the lines that would afford them the greatest capacity for service in combining the needs of the world with their peculiar abilities to meet these needs.

Music was furnished by the Bethel orchestra and the High School Glee Clubs. Following was the program: Prelude—"Pilgrim's Chorus", Bethel Orchestra; Invocation, Rev. J. Frank Cunningham; Anthem—"Goin' Home" High School Girls' Glee Club; Scripture Reading—Rev. J. Frank Cunningham.

Celebrates 18th Birthday

Don't Pick Up New Tires On Road

There's a saying about "see a pin, pick it up—all the day you'll have good luck" but it does not apply to new tires—so beware.

The latest thing in "hold ups" is to plant a bran new tire alongside the road in the early part of the evening and when the autoist stops to pick it up he is held up.

IT IS ONLY ON THE BASIS OF CONFIDENCE AND TRUST THAT YOU CAN BUILD UP BUSINESS

HENRY TWEL HAS RENTED PLANING MILL

Will Start Operating Next Week—Expects to use Entire out put of Mills

NEW STORE PUT UP

Mr. Haulenback Erects New Building for Manufacturing of His Violins

Howard Twel, of Portland, has rented the Haulenback planing mill at Beaverton and will commence operating it next week. He expects to use the entire output of several mills near Hillsboro and will ship the finished lumber to Portland and Eastern points. Fir and spruce will comprise the largest part of the shipment.

The mill was established in 1892 by C. A. Haulenback who run the mill part time, but he is over 80 years of age and the work was too hard for him.

Mr. Haulenback will devote his time to making violins. This is a hobby with him. He started 8 years ago to make a violin when his son Arthur G. and Frank G. could not find a violin to suit them. After the third attempt he made a good violin and liking the trade has continued until now his violins are known by musicians all over the United States.

Mr. Haulenback has erected a new building where he can make violins in his spare moments. They are made of spruce and maple, the side and back of maple and the top usually of spruce or pine. It takes a month to make one.

Although over 80 years of age, he enjoys his hobby and is happy in the thought that he is able to produce out of a few sticks of wood, something that a clever artist can play upon to thrill and enchant an audience.

Only One Fox Lived

W. E. Hanna had a little seven day old silver fox at his restaurant for a few hours Monday. This is the only one that lived out of a litter of four. The cold nights in April are thought to have killed the others. His fur is like down and he is as playful as a little kitten, only he becomes real peeved when some one takes his bone away and then he barks like a dog.

"CAT" NEAR CATASTROPHE

The County caterpillar tractor, familiarly called the "Cat," came near causing a catastrophe Tuesday when it turned over while at work on the fill in the canyon west of the Geo. Rupprecht place on route 3. Kurt Liebnow, who was driving, escaped without injury and the cat was soon hauled over to right side up, also without injury.

EVERYBODY BENEFITS

Say folks, this proposition of "Trading at Home" has too often been construed as being a special favor and aid to the merchant, but don't you think this is really an economic fallacy. The merchant doubtless receives the first or primary benefit—the result may show up first in his cash register—but by no means is the business man the sole heir of local patronage. We are all business people. It is a broad term and includes all those who add anything to the total of human welfare.

The merchant, the butcher, the farmer, the poultryman, the housewife, the teacher, the laborer, the garage man, in fact all of us are in business and in the same class when it comes to making Aloha the community it deserves to be. Set any one of these trades or professions going along in a highly prosperous condition; and all the rest are benefited without exception. If one class prospers the other shall in that prosperity. It means more money spent in business, more money saved, and a better community where more people will be attracted to make their homes.

The Outside Public judges a Community by the liberality with which it subscribes for and advertises in its local paper. You have no excuse that will stand the test of good business judgment.

Cooking School Well Attended

There were 69 present Tuesday afternoon at the Beaver Theatre to see the clever Rose Bartlett demonstrate cooking with smooth top gas ranges. The people of this community are indeed fortunate in being able to attend, without cost to them, a school of cooking, and learn all the new short cuts to efficient cooking. The gas range has proven a boon to busy housewives who can now take time to enjoy some of the pleasures of a home and not have to spend hours cooking over a wood range as our mothers use to do. The gas company should receive a vote of thanks from the people of this community for their co-operation in advancing the art of cooking.

Game Went To Verboort

The baseball game Sunday on Payne Field, was a hard fought one and very interesting to the spectators but Beaverton lost to Verboort 9 to 11. The bases were full 3 times but Beaverton could not score. Next Sunday "The Potato Chips" of Portland will be here to play a game.

Mrs. Hatch Was Lucky Tuesday

Mrs. Hatch won the water set at the Beaver theatre at Beaverton Tuesday night, and Mrs. Robbins won the groceries, W. A. Smith and Miss Hetu a picture. The funny feature of the evening was when boys walked across the stage and vied with one another in making funny faces at the audience.

Operetta At High School Friday

The Operetta "Hearts and Blossoms" was produced Friday night before a fair sized audience in the High School Auditorium, by members of the Bethel Choir.

The music written by R. M. Stults was very tuneful, every song being pleasing to the audience and the various Soloists threw themselves into their parts with much vigor. Mrs. H. M. Barnes singing the principal soprano role won many honors, while Harris Hansen played opposite her to good effect. R. T. Weills handled the principal alto role with much credit also hindered by a severe attack of loringitis and W. H. Boswell won his spurs as an actor by his work opposite her. E. G. Webb and W. L. Cady played the character leads and E. G. Webb and Mrs. J. E. Davis the comedy leads. Members of the chorus added much to their work by their likable singing.

Commencement Exercises At High School

The following is the program for the commencement exercises to be held Friday, May 20, at the Beaverton High School. Processional—Heroes March. Vocal Solo—Prelude in C minor, Miss Martha Woodruff. Address—"Life's Adventures," Dr. V. G. Dubach, Dean of Men O. A. C. Vocal Solo—"Over the Hills" by Georgianna M. Kerns, Bernice Cox, Violin Obligato.
