Mrs. Clayton is entertaining her sister and brother-in-law, who motored here from Oklahoma.

Linthicum-Sundberg

Miss Lorena Linthicum and Albert Sundberg were united in marriage Sunday at the bride's home. Rev. W. E. Ingalls, pastor of the Beaverton M. E. church officiated. The bride wore a wedding gown of pale blue crepe, trimmed with velvet and carried a shower bouquet of roses and sweet peas. Miss Edna Linthicum, sister of the bride was bridesmaid and wore a gown of orchid Georgette. Rodney Sunberg, brother of the groom, acted as best man.

Miss Linthicum was a daughter of Mr. and Mrs. Ira Linthicum of Maplewood and the groom is a son of Mr. and Mrs. A. Sundberg of Maplewood. They will be at home in their beautiful new home in Maplewood after August 1.

Normal Span of Life May Yet Be Century

One of the greatest advantages of the modern civilization is the way in which the span of human life has been increased, points out Brenda Ueland in an article in Liberty.

"The span of useful life used to be only forty-five years," the writer explains. "Now people are living until seventy in full usefulness and vigor. In the future they will be living until eighty or ninety or a hundred. And the result is that the center point of humanity has shifted from the twenties to near the fifties."

"At the court of Louis XV," the writer continues, "a man's prime was twenty-five. After that—the downward slope. Today a man of twenty-five is one whose father is wondering whether to send him to a law or a medical school, or set him at work. Formerly a woman of twenty-two was an old maid; a woman of thirty-five often was a grandmother."

Anyone Can Eat Cucumbers Now

Cucumbers are now on the market. A great many people are unable to eat this vegetable on account of the way it is prepared. If the following directions are used, it will enable you to enjoy it.

Parse cucumbers, the amount needed, place in a pan of water, and salty enough to hold up an egg. In half an hour remove, wash, slice and season to taste with salt and pepper.

COTTAGE CHEESE IN MANY DISHES

Most people like plain uncooked cottage cheese. It is especially pleasing in summer, and when it is blended with rich cream and a little salt it is enjoyed by many. It is often eaten with sugar and cream. When cream is lacking, whole milk is used to moisten the cheese and sugar. Not only sweet cream, but sour cream or melted butter added to cottage cheese improves its flavor and increases the food value.

Cottage cheese combines nicely with other things that give variety of flavor. Berries, peaches, or other fresh fruits may be used in this way; also canned fruits, raisins, cut dates, or other fruits, brown sugar, honey, jam or marmalade, or chopped nuts.

Broken nut meats, chopped pimentos, finely cut green peppers, diced cucumbers, or other crisp vegetables may also be mixed with the cheese. Horseradish, onion juice and parsley make a good combination.

Cottage cheese may be seasoned well, packed into a buttered earthen or enamel dish, chilled, turned out on a platter, and served in slices. Ground sage makes a good seasoning.

Mix with the cheese a small quantity of finely ground left-over ham or corned beef and season the whole with mustard. Serve in slices or turn out the molded cheese on a border of lettuce leaves.

Cottage cheese lends itself especially well to salads. If enough is used the salad may serve as the main dish of the meal. French mayonnaise, or boiled dressing, go well with cheese salad. The cheese may be formed into balls or slices; it may be molded in tiny cups or passed through a pastry tube. Foods that combine well with cottage cheese in salads are crisp, fresh vegetables; cooked or canned vegetables; fresh, dried, canned, or preserved fruits; nuts; olives; rice potatoes. With the last two some highly flavored and bright garnish, like beets, pimentos, or green peppers, should be used; and celery, cucumbers, green peppers, crisp lettuce, or cabbage may be added to give succulence. Ground raw carrots and onions combine nicely with cottage cheese.

Cottage cheese may be used as a sandwich filling. All kinds of bread

WHAT IS YOUR Favorite Recipe?

IS IT CAKE, SOUP, MEAT LOAF, OR SALADS?

We will mail a package of 3x5 filing cards to every subscriber sending in their favorite recipe. These will be published in the rotation in which they are received at our office with the name of the donor. Address letter to EDITOR, care local paper.

No More Blades to Buy!

SEE THIS AMAZING NEW SHAVING INVENTION

Kross Razor Strapper Is the Most Surprising Shaving Device Ever Patented. Makes a Single Razor Blade Last Indefinitely and Gives You the Coolest, Suggestive Shave of Your Life. Nothing Like It Ever Seen Before!

Free Demonstration—No Obligation

HERE is a chance for you to see for yourself the astonishing shaving invention the whole country is talking about. (Probably you've already read about it in Saturday Evening Post, Liberty, Collier's and other big magazines.) Think of it! 35¢ a year, cool shave a year from the same blade. That's what KRROSS is doing for American shavers everywhere! This amazing invention makes such a radical advance in shaving comfort and economy that it deserves to be called much more than a razor. Rather it is a blade rejuvenator. Makes hundreds of keen, quick shaves blossom where only one grew before.

KROSS keeps your blade (any make) on the diagonal, just like a master barber. Pressure decreases automatically. Nickel jig flexes up to notify you when blade is ready, with the keenest cutting edge that steel can take.

KROSS KROSS STROPPER AND RAZOR
