Oregon State Motor Assn.  
Has Completed an Extensive Log of the Highways

## SNOW; CRATER LAKE

Along Rim Road and the Short Cut From Crater Lake to Diamond Lake

The Oregon State Motor Association has completed an extensive log tour of the highways of Oregon. The tourist travel in the state will reach its peak in two weeks and will continue at that peak until the first of September, in the opinion of A. E. Shearer, manager of the touring department of the Oregon State Motor Association.

The vacationist setting out on his summer outing will find the finest Oregon roads in the history of the motor association officials, who have just completed an extensive logging tour of the state. The delayed summer, which held up traffic on many mountain roads, has repaid for its tardiness by placing practically all of the state roads in excellent condition.

The only roads of importance now blocked by snow are believed to be the Crater Lake rim road and the short cut from Crater Lake to Diamond Lake, both of which will probably be blocked for several weeks. One of the drifts on the Crater Lake-Diamond Lake cut-off is believed to be about 52 feet deep. This does not materially hamper travel to Diamond Lake, as access may be gained from the Pacific highway on the east side of the mountains. Crater lake is accessible both from Klamath Falls and Medford. About 150 cars were at Crater lake last Monday.

**Little Wet Oil Road**  
Motorists will have little trouble with oil splashing their cars, as had been the case during the past weeks on several of the highways. The Mount Hood loop road is now practically free from wet oil. An excellent detour takes the motorist around a stretch of wet oil near Fort Klamath. Only three wet stretches of oil remain in the state at the present time, between Seaside and Hamlet, Hebo and Neskowin and Hebo and Beaver.

Mrs. Mabel Cadonan, Mrs. Mary Nelson and Miss Josephine Nelson returned home Monday, after a seven-week trip through the middle west. They visited relatives and friends in Chicago and Indiana.

Mrs. Frank Putnam Awakened Thursday Night by Car Stopping in Front

## MAN CALLED "FRANK"

She Thought it Was Her Brother and Went to the Door, Then Called Her Husband

A big car stopped in front of Frank Putnam's residence near the highway Thursday night and called "Frank, Frank" several times. The noise awakened Mrs. Putnam, who thinking it was her brother, got up and went to the door, but when she saw one of the men get out of the car and step up on the porch she realized it was not her brother and rushed in and woke her husband. He grabbed a gun and ran to the door, but the man heard him and jumped off the porch and ran around the back yard. As he jumped over the fence Mr. Putnam fired at him and he fell and rolled over. Meanwhile the man in the car drove down around the highway, picked up his companion and disappeared.

This is the second time the place has been robbed, once a year ago when they secured a diamond ring and some silverware while the Putnams were away at the coast.

## MULTNOMAH.
