BEAVERTON HIGH

By Henrietta Gerroo

All the students enjoyed an extra two days vacation last Thursday and Friday. I don't know how much of a vacation our "dear teachers" got, but they all came back with the idea that their subject was the easiest in school, and we must be a perfect group of "dumbbells" because we weren't overly brilliant in it.

Inter-class debates will begin in two weeks according to Coach Webb. That means all the classes will debate among themselves--determining the two best debaters to represent their class. The Freshmen debate against the two best Sophomores, and the Juniors against the two best Seniors. Then the winners of the Freshmen-Sophomore debate will debate against the winners of the Junior-Senior debate, determining the two best debaters in the school. These debates will probably continue for three or four weeks. Right after these are finished the regular debate team which will have been picked now, consisting of four regulars and two alternates will begin county debate work. All the county schools to participate are not known for certain yet but Forest Grove Hillsboro, Banks and Beaverton are sure of entering. This will make a snappy group of debaters. Half of them will be held in the Beaverton High Auditorium, so we'll expect a large attendance. Debate isn't what most people think "dry and a lot of uninteresting facts," it deals with today's leading problems, some of which you, yourself may be uncertain of. Give us a chance to convince you of either an affirmative or negative answer.

After these county debates we will enter the state debates which will be more difficult and interesting. Mrs. Cook had her first girls' basketball practice Monday evening. Quite a group turned out, and it was a peppy practice. A larger group turned out Wednesday evening. All the girls seemed to be enjoying themselves and Mrs. Cook is proving herself perfectly capable of teaching the girls some real basketball and by all reports from the girls our new coach has made a place for herself in the hearts of all the girls already.

Our football boys play Gresham High on our home field Friday October 21. This will be the first game of the season at home. We hope this will change the hard luck our team has been having.

Also don't forget another very important event. The Order of the B, gives its first athletic benefit dance at the Huber Commercial club Friday evening, October 21. Come to the game, and end up a perfect day by coming to the popular dance.

K. Burton, of New York city was a visitor at the home of his brother H. B. Burton and family this week. A sister, Mrs. Geo. S. Turnbull, of Eugene, was also visiting here. Mrs. Turnbull's husband is instructor in Journalism at the University of Oregon and editor of "Oregon Exchanges".

Gas House Heating Gives Users Great Comfort

People buy comfort rather than fuel when they use gas for heating their homes, according to H. E. Shenton, President of the Philadelphia Meter Company, after a year's experience with a gas-fired furnace in his Merion, Pa. home.

"When the entire absence of thought in providing coal in advance, no ashes, no dirt, and above all, an evenly heated home are taken into consideration, the difference in cost loses its significance," says Mr. Shenton. "I am not an enemy of coal, but I am in opposition to unclean labor. It is foolish to tend a furnace, when gas gives an evenly heated home devoid of all labor and trouble. The gas boiler makes for a cleaner and certainly more healthy home."

"What you get and not what you spend is the gauge of all comforts."

DOROTHY LOUISE HAWLEY

Dorothy Louise Hawley, daughter of Mr. and Mrs. H. H. Hawley of Beaverton, Oregon, was born January 11, 1913, at Greely, Colorado and passed away Wednesday, September 21, 1927, at the Good Samaritan hospital in Portland after a short illness. With her parents she came from Nebraska to Portland four years ago, entering the Peninsula school where she made many friends among the teachers and pupils. One year ago she entered the eighth grade of the Aloha-Huber school and last June she graduated with the highest honors in her class. Louise was always very proud of the Aloha-Huber school and dearly loved her teachers and classmates. She was president of her class, also of the Home Making club--and of the World Wide Guild, a class of young girls in the Aloha Sunday School.

She had attended the Beaverton High School just one week before she was taken ill--but in that brief time had become greatly fascinated with her work and her teachers.

Louise was always a leader among her associates--not in a proud or boastful way--but from a deep sense of duty and service. Of a cheerful and loving disposition, she was an inspiration to all who knew her and her sudden passing is a great shock and loss to the entire community. She was a true Christian girl, having been baptized in the Methodist Episcopal church several years ago.

Services were held at the Chambers Chapel in Portland after which the remains were borne by six of her boy classmates to her final resting place in the beautiful Riverview cemetery.

Typical of Louise's life was the little prayer song which she loved so much to sing:--

Lord, help me live from day to day In such a self-forgetful way That even when I kneel to pray My prayer shall be for--OTHERS Others, Lord, yes others.

Let this my motto be, Help me to live for others, That I may live like thee.

BOY SCOUTS

Troop 15, Boy Scouts of America at Huber was well represented at the Court of Honor, Thursday night at the courthouse, in Portland. The four boys from troop 15 were William Sundberg, Harold Price, Walter Stickney and Gordon Coward. In one of the Courts Major-General McAlexander was one of the presiding judges. Eddie Peabody of the Broadway Theater was also a visitor. The merit badge "Craftwork in Leather" was earned at camp by scouts Harold Price and Walter Stickney. The badge is an embroidered moccasin with a green ring around it and a brown background. The merit badge "Cycling" is a good badge for any boy that likes to ride a bicycle. It was earned by scouts Wm. Sundberg and Gordon Coward. It is an embroidered bicycle wheel with a brown background.

There are lots of boys around Aloha and Huber that are not Scouts. If you are interested, come to our meetings at Huber Hall on Friday nights between the hours of 7:30 and 9:30 o'clock. You must be at least 12 years of age to join.

ALOHA NEWS

H. Kingsberry, of California, is visiting this week at the home of his mother Mrs. Wm. Clifton.

The Ladies' Circle of the Aloha Community church held a tea Thursday at the home of Mrs. J. A. McKeown. Mrs. Barber assisted the hostess.
