DECLARES THIS MAN, BUT—**

"Walking is a good exercise and should be indulged in oftener," said a Rising young insurance man of Multnomah this week. "The average business man does not take enough exercise, he hops in his car in the morning, drives to his work and may be sits at the steering wheel most of the day—but all the same its tough work to have to walk all day—when some one steals your car!"

**GOOD GOVERNMENT
UP TO PEOPLE**

If popular government is effective, each stockholder in the public business must be intelligently informed. The details and ramifications of modern government are too varied to permit each citizen to know how each tax dollar is spent or to judge the effectiveness or ineffectiveness of the methods by which each public function is carried on, without the aid of some organized interpreting agency.

Public understanding and support of tax measures is necessary as a check on public affairs. Public administra-tors very often fail to ferret out and apply changes in procedure which would contribute to economy and ef-ficiency. Changes in methods are usually impossible without organized activity and demand from citizens.

Personal interest in, and knowledge of tax problems, are sentries at the tax exit gate. It is the means by which the public is kept informed on the progress of public business. Individual interest in the problems of government and taxation will bear fruit a hundred fold in improved gov-ernmental services to the people.

**NEARLY LOSES LIFE WHEN
HEN HOUSE BURNED**

It is said that it was covered by insurance.

**J. LENZ AND DR. SCHROEDER
HAVE BIRTHDAY ON SAME DAY**

J. Lenz of Tigard, received a let-ter Saturday from Dr. August Schroeder, formerly of Tualatin, who is now at Erfurt, Germany, taking a post graduate course. Mr. Lenz and Dr. Schroeder are no relation, but they are both the same age and their birthday's which come next week, are on the same day.

Dr. Schroeder is staying with his brother-in-law and is greatly im-proved in health. In his letter he said they had a terrible snow storm eight days ago but they are now having lovely spring weather.

P. T. BARNUM SAID:

You do not any of you advertise enough. You ought to use the printer's ink every day. You are asleep and want your business to run it-self. Standing advertisements in a paper command confidence. The man who for a year resides in one com-munity and leads a respectable life, even though he be of moderate abili-ty, will grow in the confidence and esteem of his fellows. On the same principle a newspaper advertisement becomes familiar in the eye of the reader. It makes the name and busi-ness of the man familiar, and its presence in the columns of the paper inspires confidence in the stability of the enterprise.

AN OPEN LETTER

Mr. J. E. Lewton,
Forest Grove, Ore.

In asking the support of the gen-eral public, and the taxpayers in par-ticular, for their votes for any office to which a candidate aspires, par-ticularly one as important as that of County Assessor, it is but just and fair that the voter, whose support we ask, should be fully advised as to who and what he is asked to support in more definite terms than those expressed in generalities.

To this end we have the following questions to submit to you and would ask a more specific statement as to the real merits and our ability to put into force the things we promise.

First: You state, among other things, that your platform is "Lower Taxes" (we all advocate that); will you please state specifically whether or not you intend to convey the idea that, if elected, you can or will re-duce taxes, and if so just how you would proceed to do it? Would you, as Assessor, have any control what-ever over the various levies submit-ted, or would you accomplish this by a general reduction of values? If the latter do you KNOW that the same amount of taxes would have to be raised regardless of the valuations

Second: You state in one of your advertisements for the support of the voters that you have always been of the opinion that "the office should seek the man and not the man the office." If you were sincere in this statement, may I ask why you changed your registration from that of a Democrat to Republican on the very day of filing for the nomination, when the registration of the county shows a Republican majority of ap-proximately two to one?

placed upon property and that to do this the lower your valuations the higher must be the millage to pro-duce this tax?

Fourth: In a former communica-tion in the Forest Grove paper you make the inference that the Assessor entered into collusion with the county court for a one-mill tax for a new courthouse. Did you know, when you made this statement, the truth or falsity of the same? If not, why did you not ascertain the facts in the case, and if found not true, refrain from making the statement, thus by inuendo at least, placing the Assessor in a false light?

We have many more questions up-on which the public should be fully enlightened but refrain from so doing because we do not care to be personal in our candidacy.

Now as to our position, we have simply this to say to those whose support we solicit: We shall stand on our past record and shall con-tinue along the same lines in the future if nominated and elected.

An absolutely square deal for ALL, by closer co-operation with the gen-eral public.

Respectfully submitted,
W. F. BOLEY.

THE SALVATION ARMY

Salvation Army workers, according to Brigadier Albert E. Baynton, in charge of Salvation Army work in Oregon and Southern Idaho, have been much harassed in recent months on account of imposters, who, rep-resenting themselves as officials of the Army, have been going about collecting funds in the name of the organization. Having secured some-where the Army's uniform, they were able to mislead the public.

In order to protect the public from further imposters of this kind the Salvation Army has supplied its ac-credited workers with a printed so-licitors card, wherein is written the name of the worker. This card also definitely defines the territory in which said worker is authorized to solicit for funds and is signed by Albert E. Baynton, the divisional commander for Oregon and Southern Idaho.

Brigadier Baynton respectfully re-quests the public to call for solicitor's card whenever and wherever ap-proached by a Salvation Army work-er. Should someone ask for money in the name of the Army who is not supplied with a card, the fact should be reported at once.
