INTERESTING AUTO TRIP
(Continued from first page.)

were being driven to the mountains for summer range.

The country before entering Medford is prosperous with its alfalfa and fruit raising. Medford auto camp was reached at 7:30 where we stayed until morning then went up to Ashland to see Lithia park. We came back to camp and left for Medford at 10:30.

Grants Pass was made by the where we again made use of the auto park and cooked dinner. The next stop was made at Canyonville at 3:30. We then went through the canyon to Dillard where we left for Pacific highway and headed for the coast. It soon began raining and it up most all afternoon. The winding road follows the Coquille valley along which are numerous logging camps where Port Orford cedar being cut and dumped into the river on its way to market.

We arrived at Marshfield at 6 o'clock and found our old neighbors Mr. and Mrs. W. L. Workman where we spent the day Saturday. Our hostess took us to the beach where we visited Cape Arago State Acres home. We left Marshfield at 6:30 Sunday morning crossing the Bay on the Roosevelt ferry. We followed the new Roosevelt highway to Reedsport. From there we went on ferrying across the Umpqua river to Scotsburg at 9 o'clock.

Our noon lunch was eaten on the Creek and we reached Drain at 12 where we again took the Pacific highway. Our next stop was Corvallis and we visited a half hour there at Mrs. Rosa Workman. By this time we were all getting anxious to get home so no more stops were made and we arrived in Hiteon at 6:30 p. m. Just one week and 12 hours and we had left and how we had enjoyed every minute of the time. We had splendid roads though some were crooked and made us hold our breath. A great many interesting things had not been mentioned and we think a week's vacation our trip could be beat.
