A Sacred Duty

It is a privilege as well as a sacred duty to place an appropriate memorial in the family plot in the cemetery. And when the time comes we want that monument to be artistic and durable; a beautiful and everlasting tribute to the departed. We have designs that we would like you to come and inspect. We erect our monuments.

Actually that Telephone represents less than 3 per cent of the total equipment necessary for your share of service. Hidden from view are miles of wire, switchboards, power plants and other equipment--the invisible remainder, necessary to render efficient service.
