JONES BROS. CO.

#### HAS YOUR BABY A CER- TIFICATE OF CITIZENSHIP?

Brand new, young citizens of Oregon, that is, citizens born in this state, are having a special honor conferred upon them by the state facts of the birth are duly recorded by the Division of Vital Statistics, the division which has charge of the records of births, deaths, marriages and divorces, a finely engraved certificate showing that the child has been legally registered as a citizen is sent to the parent.

This notification of birth registration is signed by Dr. Frederick D. Stricker, the state health officer, acting as special agent of the Bureau of Census.

These certificates are more than fine examples of the printing art. As a matter of fact this certificate is one of the most important possessions a child can have.

A certified copy of the original certificate is accepted as a proof of a person's identity, of his or her birthplace, nationality, age, relationship and for numerous other legal purposes including:

The right to attend school or to withdraw from school.

The right of protection afforded by child labor laws.

The right to vote.

The right to hold public office.

Inheritance rights.

Contract rights.

The age of consent to marriage.

The age for jury duty.

The right to secure passports for foreign countries.

The right to protection in foreign countries.

The law of Oregon requires the attending physician or midwife to report a baby's birth within ten days to the local registrar, by whom it is forwarded to the Division of Vital Statistics. Parents who are uncertain as to whether or not this has been done, can find out by writing to the state board of health, 304 Medical Arts Bldg., Portland, Oregon.

#### DO YOUR FERNS DIE

Many women cannot grow ferns. If they begin to fade, try a few drops of castor oil on the roots, at the same time setting the fern pot in a dish of cold water overnight. Keep ferns from draughts of cold air. Many thousands die each year because they are forced to remain on the window sill day and night.

#### WATER INVESTIGATION

(Continued from first page)

system, which includes all the pipe lines within the city and to and including the reservoir.

The investment is as follows, approximately: Bonds, \$65,000; Bonds \$12,500; Bonds \$4,500; interest for 10 years, \$10,000; Extensions in 4 years \$2,000 or \$3,000.

Total approximately \$93,800.

Interest on the \$65,000 bonds is at the rate of 5.75 per cent.

Value of franchise difficult to estimate.

#### MISCELLANEOUS

There are about 320 meters in use. Leakage in iron pipe lines runs about 15 per cent. The growth of Beaverton has doubled in seven years.

Figures for the Bull Run and West-singer Springs projects were furnished principally by Mr. Robinson of the firm of Barr & Cunningham, Engineers, Portland.

The committee, in making its investigation, kept in mind the interests and welfare of Beaverton as a whole and is here giving the facts as it found them without being biased or partial to any one project.

Committee: F. J. Dietch, A. E. Wilson.

A. W. Moore, formerly in charge of rodent control in Washington county and who moved to Utah more than a year ago, has been assigned to the same work in Oregon, Washington and Idaho, and reached Hillsboro this week. He brought with him his young daughter, who is at the home of Mrs. Moore's parents, Mr. and Mrs. C. M. Johnson, while Mrs. Moore completes arrangements for moving from Salt Lake to Oregon, where the couple will again occupy their home at Aloha.

#### TWO CROPS LETTUCE

Low Jones will soon have his first crop lettuce sold—last few days he has been busy planting second crop 1928. Jones' lettuce commands top prices in Portland, \$1.50 to \$2.00 crate this season.

First Class Work

F. A. Noyes  
Beaverton, Ore.

#### TIGARD GRANGE MEETS IN ALL DAY SESSION

The Tigard grange at their all-day meeting on Thursday made plans and appointed committees for their exhibits at the Washington county fair to be held in Hillsboro September 20-22.

There were four candidates initiated in the third and fourth degrees but hereafter, it was decided that initiation should only take place every third month, as larger classes could then be put on without the loss of time required when initiating with fewer candidates.

The program given in the after-

noon seemed to be much enjoyed. The music in charge of Mrs. J. Sickert consisted of well-known songs played while listeners wrote titles of those recognized, instrumental music by Mrs. Garmore and singing by Mrs. Rickert. Recitations were given by Sarah Frances Rogers and Corinne and Donald Rickert. A reading by Captain George Balle proved very interesting as did also a review of Harold Bell Wright's story of "God and the Grocer Man" by Rev. T. R. Sibley. Professor E. O. Allen's talk on "What the grange means to me and what we get of it" proved equally interesting.

## "Silver Grays" every hour to Portland
