Notice to the public

SUPPOSE you are today
paying 50c a tube for
your tooth paste (and there
are many very good dentifrices
selling today at that price).

Suppose, like most people,
you buy about twelve tubes
during a year. Now if you
knew that you could buy as
good a dentifrice as can be
made and still save each year
the price of 25 loaves of bread
or 60 bars of soap or 40 pounds
of sugar or a box of fine cigars—
could you conscientiously fail
to take advantage of such an
opportunity?

That is exactly what you
do when you buy Listerine
Tooth Paste at 25c for a large
tube. Figure it out for yourself.

Commuter Would Like

Help in His Dilemma

His breakfast hadn't agreed with
him, he had lost at bridge the night
before and he had to run for the 8:05.
As he hadn't finished his usual cigarette
on the way to the station, he
stood on the platform to finish it. The
train started and just as it was gaining
speed, a girl tried to hop to the
last step. She missed the step and
was hanging on, when the commuter
grabbed her and pulled her up to the
step.

He expected, after the girl composed
herself, a smile of gratitude or
at least a few words of thanks. He
did not expect the torrent of abuse
which she hurled at his head.

"If it hadn't been for you," she
raved, "I would have pulled myself
up and wouldn't have lost my new
opera pump."

The commuter, stunned, found his
way to a seat and hasn't made up
his mind yet whether to help women
in distress or let them—help themselves.—New York Sun.
