HILLSDALE

Mr. and Mrs. Adolph Teuscher entertained a number of relatives with a dinner Tuesday evening.

Mrs. Winnie Hughes, of St. Johns, was a Sunday guest at the Monte Brickell home. Mrs. Hughes is an aunt of Mr. Brickell.

Mr. and Mrs. Otto Teuscher entertained old friends from Bay City over the week end.

The construction work on the Leonard Matheson residence is progressing rapidly despite the unfavorable weather. This new home will be a credit to our community.

Mrs. F. Hult spent Friday visiting with old friends in Linnton. While there she attended the Linnton Community club of which she is a member.

The P. T. A. luncheon and card party given at the home of Mrs. W. P. Beardsley Friday was well attended by ladies from both Hillsdale and Capitol Hill—Mrs. Lynch won high score at bridge.

METZGER

The April meeting of the Metzger Woman's Club will be held at the club house Wednesday, April 3rd. Officers for the next club year will be elected. Members of the luncheon committee are: Mrs. C. O. Williamson, chairman; Mrs. A. E. Barnes, Mrs. C. L. Ostervold, Mrs. Ray D. Kie, Miss Margaret Hargrave. The card party given by the club at the Wm. Polkenhorn home Saturday evening was well attended. Fourteen tables were played. Also the Wednesday P. M. Party at the Ray Brackett home was well attended nine tables being played.

HAZELDALE NEWS

Miss Alice Bloomquist had as her guest last week Miss Astrid Beerman of Warrington, Oregon.

Mr. and Mrs. J. H. Johnson and family spent Sunday with Mr. and Mrs. E. A. Enquist at Springdale.

Miss Jean Smith spent the week end in Portland with Miss Dolly Thain.

Mr. Rex Boggs, who has been in Idaho and eastern Oregon for several months, returned home last week.

Miss Edith Amacher of Progress spent last week with her aunt, Mrs. J. Winiger. Miss Eileen Winiger visited with Gladys Young of Barnes district on Sunday.

Mr. and Mrs. Tom Miller and family attended a dinner party in Portland Sunday at the home of Mrs. A. L. Danford. Twelve guests were present.

Mrs. Maggie Anderson is now making her home with Mrs. Hawey at Reedville. Her daughter, Mrs. Stella Whittemore, of Seattle is visiting her for a few days.

Hazeldale was well represented at the spring opening in Hillsboro on Friday evening.

Mr. and Mrs. C. P. Syverson had as guests on Sunday for dinner Mr. and Mrs. Leonard Hallock and family of Portland.

Mrs. John Boland is visiting in Portland with her aunt, Emma Morgan and friends.

Miss Helen Mills, who is attending Oregon Normal School at Monmouth, spent spring vacation with her parents, Mr. and Mrs. Arthur Mills.

HOME POINTERS

Parsley may be kept for some time if put in a glass of water and set in the ice box.

Carrots and beets cut into odd shapes make effective decorations for soups and salads.

A syrup for griddle cakes and waffles may easily be made by adding caramelized sugar to a plain sugar and water syrup.

A pumpkin pie may be dressed up in different ways, one of which is to arrange mounds of whipped cream on top of the pie with lakes of honey in each mound, after the pie has been baked and cooled.

Schoolboy

Yoshi Otsuka, Japan, graduate student at the University of Oregon, believes in getting first hand information in his studies. In order to gain a better understanding of the American elementary school system he attended Patterson grammar school, near the University, going systematically through all the grades, taking one day to a grade. He is very enthusiastic about Oregon, and its school system, and is writing several articles telling Japanese people about them.

U. O. Man Flies

Ivan D. Houston, a graduate of the University of Oregon, has just been graduated from the Kelly Field aviation school of the U. S. army. Houston has returned to Eugene with his diploma and a license giving him authority to fly any type of aircraft.

Aids Campus Movie

James Frank McBride, Hollywood, who will have technical supervision of the campus movie, being financed by the students of the University of Oregon. The famous canoe fete on the mill race at Eugene will be featured in the picture.

U. of O. Geologist Makes Expert Study In Railroad Case

UNIVERSITY OF OREGON, Eugene—(Special)—An expert study of the geological factors involved in the suit brought against the state of Washington by the Spokane, P. and S. railroad as a result of a slide of rocks onto the railroad track is being made by Dr. E. T. Hodge, professor of economic geology at the University of Oregon.

Dr. Hodge is seeking to determine whether a blast set off in highway construction work could be responsible for the damage done when the rocks crashed onto the tracks.

U. of O. Starts Aviation Study Course

Top—The five-ship hangar where university students will get instruction in actual flying. Below—The aviation committee which formulated the new course. Left to right are George Godfrey, publicity director; Warren D. Smith, geology department head; Leonard Delano, head of the student aeronautics club; C. H. Hicks, mathematics professor and aviation advisor; David Faville, head of the school of business administration, under which the courses are given.

With the attention of higher education turned toward aviation, the University of Oregon, with the cooperation of Hobl Airways, Inc., Eugene, has just established a course of study in aeronautics.

By utilizing existing courses, the University is able to offer instruction which will prepare students for executive positions in aviation, such as managers of factories, traffic managers, and so on.

Three distinct types of training are now available for students interested in aeronautics. The first consists principally of the regular flying course, given at the Hobl School, since the university has no equipment for actual flying instruction. In connection with this work, evening courses in academic subjects will be offered at the university.

The second type consists of a two-year course, at the end of which the student may obtain a junior certificate from the university, and the third is the regular four-year university course, plus actual flying instruction in the last year, for which the student receives a bachelor's degree.

Leaders in aviation on the coast have offered to cooperate in every way, and while changes may be made in the curricula from time to time as conditions warrant, it is believed that the university has a firm basis for continued work in this direction.

Establishment of the courses was made possible largely through the encouragement given by President Hall, who not only believes firmly that the field of aviation is just opening up, but is an enthusiast over flying as well.
