Aloha has again succeeded! It has succeeded in adding still another decided asset to its credit and upon which can depend for help and aid in its development in the form of the Aloha Community Club, organized to aid and assist in the civic and social welfare of the community.

The meeting held at Wheeler hall last Tuesday evening, April 23rd, was well attended by an enthusiastic representation of the residents of Aloha and under the skillful management of Geo. W. Lippert, the process of organization was almost immediately in full operation and shortly produced the following results: Officers elected for the coming year were: Messrs Geo. W. Lippert, president; W. H. Benjamin, vice-president; Charles W. Brome, secretary and treasurer. There was also a board of directors elected consisting of Messrs C. J. Stickney, R. Wheeler, Matt King, H. E. Ewer, and J. H. Buck. Committees were appointed to care for the various phases of the work involved and consisted of:

Committee on by-laws—C. J. Stickney, chairman.

Entertainment committee—Mrs. Matt King, chairman, Mrs. J. H. Buck and Mrs. C. J. Stickney.

Publicity committee—Messrs. W. H. Benjamin, chairman, G. H. Marrs and R. Wheeler.

The regular meetings will be held every second and fourth Tuesday evening of each month at 8 o'clock, at Wheeler hall, the next meeting therefore being on the evening of May 14th, and at which time the entertainment committee is all prepared to give all a hearty reception and a good time. It is not our privilege to inform you just what this "good time" is to consist of, but we do know that it is going to be of the very best and we are privileged to say "come and find out for yourselves."

THE PROGRESSIVE SPIRIT OF ALOHA VS. THE LONELY KNOCKER

The writer attended the organization meeting of the Aloha Community club in the Wheeler hall Tuesday evening and is pleased to have had a small part in this worthy activity which can easily be made a wonderful asset to our growing community.

It has often been said, and the truth of the statement is being verified every day, that any community is just what the people themselves make it. This leads also to the thought that people may be happy and yet live simply. Simple living means living within the limits of one's pocketbook, working at one's own job and living in the place where, by force of circumstances, it seems that one must live; and joining whole heartedly with our fellow citizens in organized cooperative activities for better civic and social community development.

Pay no attention to the chronic knocker—every community is afflicted to some extent with this type. We have one here in Aloha that even goes so far as to publicly announce from the street corner that he does not want Aloha to grow, and any new improvement meets with emphatic antagonism on his part. The civic and social activities of Aloha means nothing to him, and you will seldom find his name on a subscription list—not even for the community Christmas tree. The steam roller of progress, however, flattens out this type with perfect ease, and such has been the history of progress for ages past.

It costs nothing to boost and we can all do some "good turn" thereby leaving our community at least some better by reason of us having lived here. The writer hopes that everyone in the Aloha community will join forces with the new club.

New Things Are "News"

Every member of every family in this community is interested in the news of the day. And no items are read with keener relish than announcements of new things to eat, to wear or to enjoy in the home.
