**REPRESENTATIVES OF CLUBS TO MEET WITH OFFICIALS**

C. J. Stickney, chairman of the Board of Directors, and Geo. W. Lippert, President and C. Willard Brome, Secretary of the Aloha Community club, will, together with representatives of the Huber Commercial Club, the Beaverton Chamber of Commerce and the Fairvale Community Club, meet with the officers of the Southern Pacific Railway and the Pacific Stages Co., on

Saturday at Fairvale. This conference will deal with the matter of the proposed rates effecting the various stations.

**ALOHA CLUB DANCE ATTENDED BY OVER 250**

The Aloha Community club had its first dance and card party in Wheeler Hall, Tuesday, May 14th. There were in the neighborhood of 250 in attendance. This meeting will be followed by others each second and fourth Tuesday of the month.

The hall was beautifully decorated in streamers of white and lavender and with masses of Iris, Lilacs and Dogwood banked against the walls. The Decoration Committee, consisted of Mesdames Wheeler, Wiesenback, Erskine, Turner and Benjamin, spared no effort in making the hall look beautiful. Nothing but comment was heard on all sides concerning their work.

The Entertainment Committee, consisted of Mesdames King, Buck and Stickney, were on hand making everyone feel welcome and "at home". Their efforts in making all present feel happy will not easily be forgotten. As one party remarked: "They know how to make people feel good; they know their stuff." Refreshments were served by the Refreshment Committee consisting of Mesdames Ewer, Cornell, Sidwell and Morrison.

The music, furnished by a Hillsboro orchestra, added greatly to the pleasure and enjoyment of the evening.

Geo. W. Lippert, President, was called on for a few remarks. He dwelt on the objects of the Club, the reason for its organization being to bring people of this community into closer contact, better understanding and acquaintance.

He also stated that another object was to protect the interests of the community and referred to the recent action on the part of the Southern Pacific road and the Pacific Stages. He said that the fares of these roads were returned to their former level merely because of the activities of the club as an organization. This could not have been effected unless there were organization. He asked those present to signify their preference as to whether they desired to have the so-called "Base Line" road opened or whether they preferred to have the present highway running through Aloha widened to seventy seven feet. Thunderingly, unanimously and amid great applause, their vote was in favor of the present highway and against the new proposal.

Those present reported a good time. There is every assurance that these meetings will continue to be

a source of pleasure to those attending. Those who did not dance played at cards, which was enjoyed by the participants. Everybody became acquainted with his neighbor—something we have wanted here for a long time. The meeting was orderly, refined, there was enjoyment for all—old and young. Congratulations, Aloha!

**MILLER'S ELAS NOSAES DRAWK CAB EXTRA BACKWARD SEASON SALE**

"ELAS NOSAES DRAWK CAB" means just what we say... a backward season sale. The reason for it is just this, prolonged rainy weather in April caused the men and boys to delay their purchase of spring suits, coats and furnishings so long, that now we are forced by the appeal of low cash sale prices to force two months' business right into four short weeks in May. The weather is right. The prices are right. So why delay longer?
