that assure **DEPENDABLE TRANSPORTATION!**

**The Chevrolet Red "O. K. That Counts" Tag Protects Your Used Car Purchase.**

Every reconditioned car we offer for sale is identified by means of the Chevrolet red "O.K. that Counts" tag. This tag is the purchaser's assurance that the car to which it is attached has been gone over carefully by expert mechanics—that it has been thoroughly reconditioned—and that the price is based on the car's actual ability to render service.

Due to the overwhelming popularity of the new Chevrolet Six, we have on hand at this time an unusually large group of these "O.K.'d" cars. Come in! You are certain to find the car you want—at a price that will save you money. Make a small down payment and drive your car away!

### INITIATIVE AND SUCCESS

"Initiative is that quality which leads a man to do things when they should be done without being told."

"The men who exercise initiative are the builders of the world; all the other people are merely tenants and janitors."

"Initiative, not Precedent, has made America what it is. There is no precedent for discovering America."

Nobody ever got to the head of the procession by following his competitors.

"There are men so lacking in initiative that they do not even start for a vacant barber until someone gives them a nod."

"It is well to be obedient; it is well to be obedient; it is better to be resourceful."

No one is so poor that he cannot afford to be thrifty. No one is so rich he does not need to be thrifty. The margin between success and failure, between a respectable place in life and oblivion, is very narrow; it is measured by a single word, "thrift." The one who saves is the one who will win.—Calvin Coolidge.
