COMPARE the delivered price as well as the list price in considering automobile values. Chevrolet's delivered prices include only reasonable charges for delivery and financing.

Less than eight months have elapsed since the first Chevrolet Six was delivered to an owner—and already there are more than a million six-cylinder Chevrolets on the road! And the reasons for this overwhelming success are easy to understand.

Into a price field that had hitherto been occupied exclusively by four-cylinder cars—Chevrolet has introduced a six-cylinder car of amazing quality and value. Not only does it offer the smooth, quiet, velvety performance of a great six-cylinder valve-in-head motor—but, from every standpoint, it

is a finer automobile than was ever before thought possible at such low prices! Its beautiful new bodies—which are available in a variety of colors—represent one of Fisher's greatest style triumphs. And its safety and handling ease are so outstanding that it's sheer delight to sit at the wheel and drive.

You owe it to yourself, as a careful buyer, to see and drive this car. For it gives you every advantage of a fine six-cylinder car in the price range of the four and with economy of better than 20 miles to the gallon! Come in today!

SPECIAL RADIO PROGRAM

The Chevrolet Motor Company will present a special radio program Wednesday, August 14, over the Columbia network, 8-8:30, Eastern Standard Time, celebrating the millionth Six-Cylinder Chevrolet delivered in less than 8 months' time.
