Located at 160 E 21st N, in Portland
Which the Public is at all Times
of Inspection for This is a Baking
Any Metropolitan City

This modern bakery institution
does more than a business around
Portland as they have reached out
during the past years to cover this
entire field and today they are giving
the best of bread thru their many
dealers.

The baking industry is practically
as old as the discovery of fire, but
the methods used in modern times
have greatly changed from the bak-
ing on the stone and in rudely con-
structed ovens. Today is quite dif-
ferent and at the Royal Bakery the
latest style machinery and ovens are
used for the production of baking
goods for the public.

The very best materials enter into
the high class products and so great
has been the care that the place has
been equipped from a mechanical
standpoint so that the bread is touch-

The bread produced at the Royal
Bakery is in great demand not only
in the city but in the surrounding
territory. Truly has it been said:
"The taste tells the tale" and that is
why the Betsy Ross bread from the
Royal Bakery is so popular.

The manager of this institution has
provided the very latest of scientific
equipment and only uses the purest
of ingredients, this coupled with the
fact that they employ master bakers
who follow directions explicitly ac-
counts for the excellent bread that is
meeting with such great success in
this section of the country.

In this review, embracing as it
does the most salient features of our
onward progress, we wish to compli-
ment this firm upon the valuable
service it is rendering the local public

Every Confidence That Expert Automobile Men will Render You the
Best of Efficient Service, for Many Motorists have Found This to be
a Haven of Reliability and Ex

An automobile owner is not satis-
fied to entrust the care of his ma-
chine into the hands of a man
whom he does not have confidence
in. To achieve success in the busi-
ness of operating an automobile re-
pair shop one must be thoroughly
conversant with every feature of the
game. The people of this community
have come to know that this firm
is right with the goods when it
comes to automobiles and that
they know the business from top to
bottom.

When you leave a car at Gerber's
Shop you can be assured that it will
be given expert and scientific atten-
tion. It makes no difference whether

you want it taken apart and put to-
gether, or an estimate given you on
the job, expert men will handle the
former, and the latter office will be
given by men who are careful.

In a word, Mr. Gerber runs one
of the strictly up-to-date and highly
efficient auto shops of this section
and is a prominent citizen. What
you would expect of such a progres-
sive establishment you will find here
and let us assure you the charges
will be moderate and the services
satisfactory.

We are pleased in this edition to
compliment Mr. Gerber and to assure
all automobile owners that they will
find at this establishment work done
to your satisfaction.

Marinello Bob & Beauty Shoppe

Located at 403-4 Buyers Bldg., in Portland, is One of the Foremost
Beauty Parlor in this Section of the Country featuring Marinello
Preparations.

In a comprehensive review of this
kind embracing as it does the most
salient features of upward progress
we shall not fail to devote space to
this popular beauty parlor. There is
a saying that beauty is only skin
deep but we have found upon obser-
vation and study that beauty is one-
for the natural and three fourths care
Science has made great advances in
the last few years and many of the
old fashioned ideas have been discar-
ded for the new results of science.

Scalp and Facial treatments using
the famous Marinello Preparations,
marcelling, shampooing and hair bob-
bing permanent waving are done by
this concern in a most satisfactory
manner and young women are going
to this shop from all parts of this
and adjoining counties.

The management is in the hands of
Lucile Zimmerman a graduate of the

Marinello School who has been thor-
oughly trained in the profession and
has a knowledge of the hair and
scalp which not only makes it to
your advantage to seek professional
advice but also her skilled treat-
ments will add to your personal ap-
pearance and no doubt in many years
preserve and beautify the scalp and
hair.

The Marinello Bob and Beauty
Shoppe carry a full line of Marinello
toilet preparations and make it their
policy to furnish the best there is in
this line and will handle and use only
such preparations as will give the
best results. Many skin troubles can
be traced to kinds of lotions and
preparations.

We are pleased in this review to
compliment them upon their well mer-
ited success and to see their patron-
age increased.

Brown Seat Cover Co.

At 393 Oak St., in Portland, is an up-to-date Auto Top Shop in Every
Respect, Where They specialize in Auto Top Building, Seat Covers,
and Tire Covers.

It is a fact beyond question that a
modern establishment of this kind
a great asset to a community such as
ours. They are experts when it
comes to auto tops, seat covers, and
tire covers, and there you can get
it done when you want it, and when
they tell you they will have it done
for you. If you want any original
ideas carried out for you this is the
place to go for anything there is
to do in this line they can do it.

In their auto top department they
have won well-merited commendation
through their modern methods and
the excellent work (turned out. There
is nothing that mars the looks of a
motor car to such an extent as a
shabby and worn out top. The top
wears out more quickly than any
other part of your car and after a
year or two of service it is necessary
to replace it with a new top. Some
people think that it always necessi-
tates the purchase of an absolutely
new top but with a concern such as

this one in our midst they can com-
pletely rebuild your old one and turn
it out in its good shape as the day
that you bought it.

Keep the fine upholstery of your
car like new by having Seat Covers
installed. Each set is individually
tailored and fits as perfectly as the
original upholstery.

Their covers are made in a wide
range of beautiful patterns that har-
monize with the color scheme of your
car. Glove fasteners can be installed
to permit easy removal without in-
jury to the upholstery.

The manager and his assistants are
men who take an interest in the city
and surrounding territory and are at
all times connected with propositions
that will add to the growth and ex-
pansion of this part of the state.
Therefore we are pleased to compli-
ment the Brown Seat Cover Co. in
this review and advise all our readers
to call them when in need of any-
thing in their line.

American Radio Stores

Which is Located at 67 6th St., Portland, is one of the Foremost
Radio Concerns in the entire United
States as they have Stores in the
Principal Cities. They have a Com-
plete Line of the Foremost Sets and
Repair Parts for Others, and Invite
You to bring Your Radio Troubles
To Them.

Radio is perhaps the greatest inven-
tion that has been made in the
last decade. While it is only in its
infancy, its usefulness is proven to
us every day. From a standpoint of
entertainment it is unexcelled. The
biggest concerts, addresses, operas,
music of all kinds, baseball and foot-
ball games, all contests of interna-
tional importance, are reported as
they happen to the radio fans.
There is not a night but that the
radio fan can get any and all kinds
of entertainment that he desires.

In the way of usefulness it has
proven a big impulse to aeronautics,
shipping, etc. It lets the farmer
have the latest market reports and
the weather conditions and it is to
him that it has proven the most use-
ful, as it brings the cities' amuse-
ment into his home. The best thing
about it is that it is inexpensive and
sets can be had that are within the
reach of everybody.

The American Radio Stores the
foremost in this section and because
of their buying power they have se-
cured the best class of merchandise

to offer the public. They can supply
you with sets from the very cheap-
est to the most expensive kind on
the market. No matter what priced
set you buy you get value received
for your money. They also have a
most complete stock of parts and
supplies for all sets and anything
there is to be had in the radio line
they can supply you with. They
make a specialty of shooting trouble
and this is made possible because
they understand your radio from the
ground up.

The men in charge are expert ra-
dio men and you can depend upon
the advice and information they
give you. You are invited to tell
your troubles to them and they are
glad to advise you and help in any
way. We assure you that no obli-
gation is incurred merely because
you ask questions. There are genial
and accommodating and would like
for you to call around and look over
their stock and get their prices. The
wonders of radio are so many and
the cost so small that no one no
matter what his situation in life can
afford to be without one.

corrected.

CIRCLE THEATRE

Located at 126 4th st., in Portland, Offers the Best in the Talking
Motion Picture Field and Secures the Best Attractions of the Day. It
is Popular with Auto Parties from this Section.

In making this review of the on-
ward progress of this section of the
state, there is no institution more
worthy of extended mention than the
Circle Theatre. It is one of the
truly progressive play houses in this
part of the state and because of the
high class productions shown there,
enjoys a large patronage, not only
from the city, but from the surroun-
ding territory. Offering feature pho-
to plays and talking pictures which
include the world's greatest stars, it
is not strange that this theatre has
become so popular and when you add
to this the fact that the proprietor

has made efforts to secure only the
clean and wholesome pictures, it can
be readily seen that this house has
merited its success.

Therefore, in this review of our on-
ward progress, we wish to compli-
ment the manager and direct atten-
tion of all our readers to the Circle
theatre. The Manager is a later day
and progressive business man, thor-
oughly conversant with every fea-
ture of the theatre business and there
can be no question but that under
his direction this popular house will
continue to see their patronage
increasing.
