The amount of swelling determines the amount of water required in cooking cereals. Thus rolled oats, which swell about twice, require twice as much water as cereal. Coarsely ground or whole cereals swell about four times, and finely ground and refined cereals swell from five to six times.

Burial Certificates

BY

MILLER & TRACEY

Offered Absolutely WITHOUT COST

Why Pay \$60

or more for Burial Certificates when you can get a certificate without cost from an old established firm like Miller & Tracey? The Miller & Tracey Certificates entitle you to purchase Funeral Goods, not including cemetery, masoleum nor cremation, at cost plus 10 per cent.

When an undertaker sells a burial certificate, your money is invested by him at the rate of 6 or 7 per cent, which would earn a fortune for him even if he never was called to conduct a funeral. One fortune is made on the certificates, and a profit is made on the funerals—hence we make no charge for a certificate as we consider this unjust.

\$60.00 INVESTED FOR 25 YEARS AT 6% COMPOUNDED YEARLY AMOUNTS TO \$257.51. WE ADVISE: INVEST YOUR OWN MONEY.

Our attention has been called to untrue statements having been made concerning our firm by certificate salesmen. We will offer \$100.00 reward to anyone furnishing any information that will assist us in convicting such person or persons. Call MILLER & TRACEY anytime, DAY or NIGHT.

Beware of the agent just outside your door who likely receives a commission of about \$10.00 for every certificate he or she sells.

Many funerals have been donated by Miller & Tracey to worthy poor without cost. Hundreds of funerals have been furnished at less than 10% above cost.

Our Certificates Will Cost You Nothing But Will Save You Much When Most Needed. Write, Phone or Call.
