To Serve You Better Financially

TWENTY YEARS AGO—1909—a group of local citizens got together and organized the Bank of Beaverton. The new bank opened its doors for business May 9th of that year with a fixed policy to render a helpful individual service to each and every customer.

That its services were needed and appreciated is evidenced by the steady, consistent growth that the bank has made over this 20-year period. Today the total resources approach the million dollar mark.

A year ago, our Officers and Stock Holders decided to present to Beaverton an up-to-date new home where the bank could and would render to all the finest of banking service. They decided that no better gift could be made to Beaverton in appreciation of the confidence and business which has made 20 years of service possible than this new modern banking home.

Their plans have now been completed and the new building with its modern facilities is now a reality.

Wednesday, January 1, 1930 "NEW YEAR'S DAY" between the hours of 9 A. M. and 10 P. M. the building will be open from basement to roof for your personal inspection and approval.

A very cordial invitation is extended to you to join in the celebration of this happy event. Acceptance of this invitation will be a source of genuine pleasure to us.
