CHURCH OF CHRIST.

Rev. G. W. Springer, Minister.

The Sunday school has a new thermometer which indicates every Sunday the number present. We are anxious to keep the mercury in the thermometer going up. Every one in Beaverton who is not attending Sunday school elsewhere is invited to come and help us keep the thermometer warm. The minister is the teacher of the men's class and he is anxious to interest the men of Beaverton in the word of God. Every man in Beaverton is invited to join this class. Last Sunday Dr. Mason addressed the Sunday school. He spoke on the evil effects of alcohol on the body. If every one were acquainted with the actual effect which alcohol always has on the entire system, it would not be considered by any one as a beverage any more than any other poison. This is my conclusion after hearing Dr. Mason tell the unprejudiced facts.

Next Sunday Mr. Springer will speak on the following subjects: Morning—"If Ye Love Me." Evening—"Christ's Credentials as the Messiah."
