

Write In On Your Ballot

Fred J. Sewell

(Present Incumbent)

County Coroner

Due to misunderstanding by election officials it was not known until the last minute that office was to be filled by election this year. Write name in on ballot and mark an X before it.

(Paid Adv.)

For County Judge

The results of my services as County Judge of Washington county during the past term justify me in asking for reelection.

Washington County in one of the new Counties of Oregon which has bonded indebtedness. I have always advocated the plan of "paying our way as we go," and that our tax money should be expended directly in behalf of the public rather than to pay interest upon bonded indebtedness.

The Washington County Court House was not constructed until the County had money in the bank to make full payment.

Our road program has been carefully worked out, and we are beginning to obtain results. I submit that it is not good business to take a chance on disturbing our present program by changing personnel of the County Court.

I have devoted full time and attention to the office and in addition to County matters, have been called upon to look after the probate work of the County which runs into thousands of dollars. I point with pride to the fact that every decision made by me in connection with estates which have been appealed to the higher courts have been sustained.

I ask for the support of the voters of Washington County upon the basis of my record, and I promise to continue to exercise my best efforts in behalf of all of the people of the County and to render conscientious service.

E. J. WARD

AUBREY L. FLETCHER

Attorney at Law

Beaverton, Oregon

Office with Beaverton Realty Co. Special attention given to commercial accounts, conveyancing, real property and the settlement of estates.

BEAVERTON

Owing to the fact that the city council had gone on record, not to allow any more gas pumps on the sidewalks, the Biehman Motors are required to place those at their new building inside the property line.

CORRESPONDENCE

To the Editor:

The Oregon primaries are here again, we should all be sure to cast our ballot and it is time right now to think. About all we have heard in this campaign has been on the governorship, but there are other offices about which serious thought should be given.

Candidates will be named for County Judge and for Commissioner, in their term of office they will be in the majority in ordering the collection and expenditure of millions of dollars in taxes from Washington County citizens. These offices should never be used by the incumbents to reward political and personal friends or relatives, nor to punish personal and political enemies. These officers have charge of our roads, and every citizen is vitally interested in roads. There

is a great deal of complaint and criticism about the way our road matters have been handled, and the manner in which the desires and opinions of resident taxpayers have been utterly ignored.

The writer is a taxpayer and a resident of this locality, and for years has spent money and a great deal of time in helping to develop and build up this section of Washington County, and has done so with no selfish motives whatever.

It is my earnest desire to see our beautiful locality continue to progress and prosper. I am not personally acquainted with but two of the eight candidates concerned with the County Court, and I find this is also the case with a large majority of the voters. During the past three weeks I have therefore made some investigations, and in my opinion the best interests of Washington County will be served by the nomination of E. J. Ward for County Judge and H. D. Kerkman for Commissioner.

Judge Ward has been a resident here some 42 years, is now serving his first term as Judge, and has made an excellent record in the handling of Probate matters.

Mr. Kerkman has had years of experience in Washington County road work, and is a man from whom you will receive courteous treatment and your requests and opinions will be invited and given proper consideration.

I urge every voter to give this serious thought, and I feel confident they will make no mistake by voting for these two men.

"A TAXPAYER"

A. M. Jannsen

CANDIDATE FOR REPUBLICAN
NOMINATION FOR

Representative

If I am nominated and elected, I will, during my term of office, use common sense business methods in the discharge of my duties as a legislator. I believe there should be fewer laws and more time and careful consideration given to those laws which are enacted.

Of course

Sixes Beat Fours

But in the **ESSEX** Challenger

**you get
a Super-Six**

The Super-Six principle gives the New Essex Challenger easy dominance over conventional Sixes. Look at the records. They show what any new Essex Challenger can do. No "Six" ever proved such all-around Performance, Reliability and Economy.

Essex Keeps Its Newness for Years

The Super-Six principle frees Essex from vibration. It saves driver and car from nerve-pounding discomforts. It makes Essex a long-lived car.

Modern, balanced design accounts for this. A completely balanced power line plus the Super-Six principle and the Lanchester balancer are a part of this careful engineering.

Big and Roomy, Too

The new Essex Challenger is big and roomy with ample interiors and greater comfort. Beautiful interior appointments carry out the fineness and distinction of this car.

Everyone knows Sixes beat Fours. Every owner knows that a Super-Six as decisively beats the conventional Six.
