## Ford Offers New De Luxe Sedan

Ford De Luxe Sedan

THE De Luxe Sedan, recently added to the Ford line, is designed for those who desire distinctiveness and unusual comfort in an automobile. The interior is inviting and roomy with wide doors to both compartments. Absence of rear quarter windows gives the car a striking individuality and affords privacy to the occupants.

Interior trimmings and appointments are luxurious. Upholstery is either in brown mohair or a deep tan Bedford cord patterned after that used in high-priced cars.

Other refinements include arm rests for the rear seat, mahogany finished garnish mouldings on the windows and beneath the windshield, flexible robe rail and hardware in an attractive pattern.

The front seat is adjustable within a range of four inches to suit the convenience and comfort of the driver. It is moved quickly and easily by a small, inconspicuous handle in the front center of the seat just above the floor.

The De Luxe Sedan, like other Ford body types, can be obtained in any one of several color combinations.

### Cattle and Poultry Burned in fire on Yamhill Farm

More than five hundred chickens, two horses, besides a barn and chicken house were totally destroyed by fire last Friday on the Bowen farm. Mrs. Susie Bowen was alone on the place, had retired early but was awakened by the explosion of the gas tanks which were kept in the barn. Her son, Homer, arrived shortly by another son Austin, and wife, who had been attending the Pythian convention at Gaston. The two men, with the assistance of the Yamhill fire department succeeded in saving the home, the cows, and a tractor before the gas tanks flared

into an uncontrollable flame, destroying the barn and some of the animals, \$150 worth of feed and a ton of hay. According to reports there was but a small insurance carried on the property.

### Pavement Being Repaired

The highway pavement between Forest Grove and Yamhill is being patched and is greatly appreciated by the traveling public. But, as usual, we are always wanting more, now if the highway commission would eliminate several bad curves the happiness would be complete.
