

Chevrolet Builds 7,000,000th Car

On Wednesday morning, May 28, the seven millionth automobile produced by the Chevrolet Motor Company rolled off the assembly lines in the company's Flint, Mich., plant. The epochal car, which happens to be a coach, was driven into the plant yard by W. S. Knudsen, president and general manager of the company, who acted as driver in honor of the occasion. The car was produced 10 months and 25 days after the six millionth Chevrolet left the lines June 25, 1929, a record for million 6-cylinder car output for the entire automobile industry exceeded only by that in which Chevrolet turned the preceding million in 9 months 17 days.

FRAUDULENT BROKERS OFFER FORD STOCK

A warning against fraudulent brokers and promoters who are offering stock in foreign Ford motor companies was issued today by the Better Business Bureau of Detroit, in conjunction with the National Better Business Bureau and affiliated offices throughout the United States and Canada.

Relying on the goodwill and integrity of the Ford name, thousands of persons throughout the country have purchased stocks which either turned out to be spurious or were not delivered at all, the warning said. There is no way of estimating the financial loss involved.

"There are a number of fraudulent concerns in various parts of the country that represent themselves as brokerage houses and that offer stocks in various foreign Ford companies," the statement from the Better Business Bureau said.

"Several of these companies sell on the partial payment plan. They offer stock for stipulated down payment and a fixed sum per month. Before the final payment becomes due and before the stock is delivered to the purchaser, the company goes out of business and its officers disappear only to begin operations at another location and under another name."

"Stocks of the Ford Motor Co., of England, Ltd., and the Ford Co. Motor Company of France are listed on the New York Curb market and the prices at which they are currently selling are printed in the financial pages of the newspapers. Nevertheless many people are being led by unscrupulous brokers to pay far in excess of the market prices."

"The majority of stock brokers, are honest. Our warning is directed solely against the fraudulent concerns that carry on their fleecing of the public under the guise of reputable concerns. Anyone contemplating the purchase of stocks should first consult his local Better Business Bureau."

Orators Must Bow to Sentiment for Brevity

A shorthand expert says that Americans talk much faster than they did twenty years ago. Is the old pace and dignified deliberation weakening? Or is it the case, that if you don't talk fast, you don't get listened to? Do people regard it as an imposition that you should think you are entitled to all the time you like to make your utterance? Other people want to tell their stories, too.

It is irking to a long-winded thoughtless person to have to wait for the conversation and whisk out again. He wants time for his weighty observations to "sink in." Whereas, he takes up too much time, some of his auditors on the outer fringes are sure to sink out.

The learned and verbose are at a disadvantage. The world has only so much time to spare and few are allowed to claim more than their share. Make it brief, is the universal sentiment. This being true, those who have something to say would better bide their time and keep their powder dry. "Don't fire till you see the whites of their eyes," and use your best bombshells.—F. H. Collier in the St. Louis Globe-Democrat.

Church Services

CHRISTIAN CHURCH

Rev. George W. Springer, Pastor

The Bible School Council met last Tuesday with practically every teacher in attendance. Many new plans for the good of the Bible School were discussed and the new adult Young People's class formerly organized the age limit for membership being set at twenty years, with Mrs. Springer as temporary teacher.

We are very glad to have Miss Arnett in charge of our choir and want to urge a good attendance at choir practice. We are confident that our music will be greatly improved under her leadership.

The morning worship is at 11 o'clock and the sermon topic is "Christian Growth and Fortitude."

Christian Endeavor is at 7 o'clock and the evening service at 8 o'clock. The evening topic will be "To Whom Shall We Go?"
