CONGREGATIONAL

The Call of Summer to Oregon beaches, mountains and highways, has scattered the people in the enjoyment of the freedoms, recreations and relaxations so necessary to the health of body mind and soul. But as the new church and school and business year opens, we invite our congregational friends to make this coming Sunday a fine opening day.

9-45 a. m. The Church School.
11-00 a. m. Morning worship, sermon, "Vacation Inspirations" vocal solo by Mrs. H. M. Barnes.

8-00 p. m. Evening worship, opening of a series of sermons suggested by a recent striking book "Jesus and the American Mind." Mrs. Dungan with the violin.

CHURCH OF CHRIST

REV. G. W. SPRINGER, Minister
Last Sunday was a red letter day for the men's Bible class. There were more men in the men's class than there were women in the women's class. This is such an unusual happening that it is worthy of special mention. The men's class is growing. We extend a hearty invitation to the men of Beaverton to join us

The young people had a camp fire meeting last Monday evening which was well attended and well enjoyed. Any young people of Beaverton who are not taking advantage of these meetings are missing a good time. Even the minister attends and enjoys these meetings.

Beginning with next Sunday we are expecting our Sunday School to have an exceptional rise in attendance. We are hoping to have a larger attendance during the coming winter months than this Church has ever had before. All members of the Church are expected to be regular members of our Sunday School. Every one is invited to come and make this place a great gathering place for worship and study.

Next Sunday morning Mr. Springer will speak in the morning service on the subject of "Sanctification." The evening topic will be "The Authority, Power and Stability of the Word of God."

CHURCH OF THE NAZARINE

Sunday School at 11:00 a. m. and 8:00 p. m. Bible School 9:45 a. m. Young People's Meeting 7:00 p. m. Midweek prayer and praise service Wednesday at 8:00 p. m. All welcome.

SMOOTHING YOUR PATH ALONG EVERY HIGHWAY

Specially designed springs and four Houdaille double-acting hydraulic shock absorbers contribute to the riding comfort of the new Ford

THE NEW FORD PHAETON

ONE of the fine things about driving the new Ford is the way it takes you over the miles without strain or fatigue.

Mentally you are at ease because you are sure of the mechanical performance of the car. No matter how long the trip, or rough or devious the roadway, you know it will bring you safely, quickly to the journey's end.

Through thickest traffic, up steepest hills, along the open road, you will drive with security and confidence because the new Ford is so alert and capable and so easy to operate and control.

The steering wheel responds readily to a light touch. Gears shift smoothly and silently. Brakes take hold quickly and firmly even on rain-swept streets. Unusual acceleration, speed and power are especially appreciated in emergencies. A space but little longer than the car itself is all you need for parking.

These features simplify the mechanics of driving and, together with reliability, add a great deal to the mental comfort of motoring.

Physically, too, you will feel fresh and relaxed in the new Ford because it is such a roomy, easy-riding car.

The restful, well-upholstered seats invite you to sit back and relax and enjoy

the panorama of the passing miles. Steadily, evenly you travel along because of the specially designed springs and the four Houdaille double-acting hydraulic shock absorbers. They cushion the car against hard jolts and bumps, reduce bouncing, and smooth your path along every highway.

See the nearest dealer and have him take you for a demonstration ride in the new Ford. Then you will know, from your own experience, that it brings you everything you want in an automobile at an unusually low price.
