

"BRAKES VERY IMPORTANT"

So says Senator A. H. Breed, father of California's Motor Vehicle Act. Senator Breed, the owner of a Durant 6-14 de luxe coupe, declares traffic conditions today demand brakes that operate 100 per cent efficiently at all times because of the unexpected emergencies which require instant & positive action. Senator Breed [in circle] is calling attention to the fact that all motorists should regard their brakes as being so important that they should be tested at regular intervals by specialists whose advice should be heeded.

HIGHWAY TO BE WIDENED THROUGH TIGARD DISTRICT

The most important question confronting Tigard folks these days is the question of whether or not Tigard will be on the highway after the final survey is completed for the widening of the highway. The way things look some will lose a piece of their lawns, others will have to move their houses back and some of the business houses will have to operate with smaller floor space. According to reports the roadway is to be widened for a distance of about nine miles running from the county line above the Red Rock south to Middleton and will be 80 feet wide.
