Your Birthday by Stella

Is today your birthday? Then you are careful, sincere and honest and you have that happy faculty of planning your life out ahead and following those plans. This is an excellent way to do. Learn not to be discouraged at setbacks, because the stars foretell many of them before you finally reach success. Sheer force of character and the will to succeed will help you over rough roads. Do not permit yourself to be downcast or moody over your small failures. Realize that experience is the best teacher.

Within yourself are the elements for success if you learn how to use them. In your youth there will be some characteristic which will cause you to just miss your aim. Study yourself and discover what that lack is—then correct it, and you will find success just around the corner, and probably a brilliant success. Outdoor sports, the arts, especially music and literature, are your chief interests in life. You are very self-reliant and do not depend upon others for your enjoyment.

You will probably have good health and a long life. You have the ability to make the opposite sex very happy and your marriage will beyond doubt be a successful one.

Send the exact date of your birth and a self-addressed stamped envelope, enclosing 10 cents in silver or stamps to cover clerical work for a general horoscope, to Stella, P. O. Box 71, Varick Street Station, New York City.

SKIN ITCHING ENDS

when soothing Zemo is used!

Right from the first touch, antiseptic, healing Zemo takes the itching misery out of mosquito bites, rashes, and many other skin afflictions. Try it also for itching, peeling toes. Bathing and other outdoor folks thank cooling Zemo for relief from sunburn. Douse it on ivy-poisoning. Pimples and dandruff fade when safe, antiseptic Zemo is applied. It instantly eases razor-smart. Always have Zemo nearby wherever you go. Any druggist. 35c, 60c, \$1.00.

NEW RECORD SHOP OPENS

Of special musical interest is the opening of the World Music Shop at 149 2nd street Portland, by Maxwell Ball, the well-known publicity impresario associated with The Oaks in Portland the past seven years. Here one can find almost anything and everything to be obtained in the world's best recorded music. Asia, Africa, Europe and the Americas are represented—nation by nation—in the fine stocks. All the newest hits from Vienna Rome, London and Oslo are on display including a great variety never before sold in Oregon.

The BEST Gray Hair Remedy is Home Made

To half pint of water add one ounce bay rum, a small box of Barbo Compound and one-fourth ounce of glycerine. Any druggist can put this up or you can mix it at home at very little cost. Apply to the hair twice a week until the desired shade is obtained. It will gradually darken streaked, faded or gray hair and make it soft and glossy. Barbo will not color the scalp, is not sticky or greasy and does not rub off.

BLACKSBURG

At Blacksburg, in southwest Virginia, is located the Virginia Agricultural and Mechanical College and Polytechnic Institute. This institution was established in 1872 and is maintained by the state of Virginia and the Federal government. The campus is noted for its beauty, containing a large variety of beautiful shade trees. It has valuable herds of livestock, including Holstein, Guernsey and Jersey dairy cattle of the highest grade, beef cattle, sheep, swine and horses.

The mechanical shops are especially well equipped. The agricultural experiment station, conducting investigation and research work in agricultural branches, covers many acres with its experimental plots and orchards.

The agricultural and home economics extension division has agents in eleven sections of the state, with headquarters at the college. The instruction at the college itself is largely in the fields of agriculture, engineering, business administration and applied science. The student enrollment is nearly 1,200.

A majority of the students are organized in a military system, representing the infantry, engineering and heavy artillery branches of the service, under the direction of officers detailed from the United States Army.

The college has a remarkable record of achievement in its graduates, who occupy prominent positions in the professional, commercial and industrial worlds.
