Baldy Finance Company

At 1102 Bedell Bldg., Portland, Oregon, is Licensed by The State of Oregon, Endorsed Note Loans, Furniture Loans, Salary Loans and Auto Loans.

This well known concern was established to meet the needs of the people in unexpected emergencies. Loans are made on household goods etc without embarrassment to anyone.

This business is conducted on a high plane by men of high financial ability; capable business men and highly respected in the community.

But few men have known the time in their lives when they did not need a quick loan to meet some emergency. An accident occurred in the family; someone dependent upon them took sick unexpectedly; a trip incurring rather heavy railroad fare was necessary. These times seem to come during the days when an individual is struggling financially. Few situations are more embarrassing and more trying than when one needs money and it is not available. Perhaps you lived in a strange community at the time. The bank didn't know you. The only recourse is to go to some friend—and few of them are accommodating at that time or to stand the humiliation of accepting charity.

All of their loans are granted in this way: You may need money hurriedly. A loan is secured by a chattel mortgage on any of your

personal property or against your salary. This is a confidential dignified transaction. You need not humiliate yourself by going to a friend and admitting that you are in need. You need not place your name in the files of a charitable organization.

A loan service such as this one is a real asset to any community. Its success, of course, is due to the high character and the financial ability of the men who direct its course of affairs. They are individuals known and trusted by everyone in the community. The rate of interest charged is reasonable and consistent with the risk. The men are not interested in anything but a fair margin of profit.

This company is operated under the supervision of the state and provides a place where honest people can borrow any amount up to \$300 without any embarrassment. They make no inquiries of your friends, relatives or trade people. You can get the amount you need today and have all the time necessary for repayment in small monthly payments arranged to suit your convenience. You pay only for the actual time you keep the money.
