Grade School News

Perhaps one of the most difficult
bits of a child's education is learn-
ing to read time correctly. This
comes in the second grade division
of the curriculum and many pupils
are showing surprising ability.Four graders had a real treat this
week when Mr. Rohrer of the A.
N. Palmer company visited here.
During his demonstrations he dis-
cussed letter formation. He showed
the pupils how to check on the
quality of their own work and in-
spected their work. Mr. Rohrer is
an instructor of rare ability and
delightful personality which makes
him a very welcome visitor.The fourth grade are reporting
perfect attendance for every single
day of the past week.Perhaps the strangest place to
see a clothes line is in a class room
but there's one in the first grade
room and it has all manner of
garments on it—tiny white bits of
apparel with number combinations
written on them and the people
who would hang them on the line
must give the results of these com-
binations.We are sorry to report that our
boys didn't win in the basketball
game played at Tigard last week.
This week they are playing at
Hillsboro.A new map of the Beaverton
school district has been drawn as
the result many pupils who have
been in attendance here were for-
ced to be enrolled in the districts
in which they are located. Some
families, however, feeling that more
is to be gained by retaining con-
nection with the local system, are mak-
ing strenuous efforts to have their
property transferred into this
district.The president and secretary who
were elected in the eighth grade
last fall are among the departed—
for high school—so an election was
held this week to fill their places.
Dorothy Baldwin succeeds Arthur
Fluke as president and Leroy
Haynes replaces Henry Kamberger
as secretary. David Mason remains
vice president.David Rhorse is absent from
school due to an appendicitis op-
eration. He is in the Emanuel
hospital.Sixth grade people are compar-
ing home life in the French posses-
sions with living conditions in the United
States.
