

CONGREGATIONAL CHURCH

Rev. Charles F. Clarke, Pastor
Next Sunday there will be special Easter services in all departments of the church. At 5:30 a. m. the Senior Endeavor Society will hold a Sunrise Prayer Meeting, at 9:45 the Sunday School will have an Easter program, at 11 o'clock the church service will be gladdened by Easter music by the choir and the pastor will preach a sermon on "The Power of an Endless Life". Both Christian Endeavor Societies will have Easter services at 6:30 and the evening service at 7:45 will be entirely musical. The choir will present Alfred Wooler's sacred cantata "Hail the Victor." Owing to an accident which probably can not be repaired before Sunday the bell may not be rung for services.

CHURCH OF CHRIST

G. W. Springer, Minister
There will be an Easter program during the Sunday School hour next Sunday morning. We are looking forward to an enjoyable service and a large attendance.

DONALD T. TEMPLETON
Candidate for
Republican Nomination
For County Judge

LOOK AT YOUR TAX STATEMENT

Do you appreciate the fact that your taxes this year (with the exception of school taxes over which the County Court has no jurisdiction) are lower than they have been for ten years and approximately 30% lower than last year. This situation has been made possible by an efficient and economical administration of county affairs during the past ten months. Your vote to retain Donald T. Templeton as County Judge is a vote for lower taxes, increased efficiency, continued economy, and good roads.

Edw. C. Luce

Candidate for nomination for

County Clerk

The major part of this announcement of candidacy is to express my grateful appreciation of past favors bestowed on me by the people of Washington County.

Also voters are reminded that they must be registered before they can vote.

Registration books close thirty days before election.

Grade School News

The first call for track candidates was sounded Monday with sixty aspirants answering the call. Most of those turning out were from the lower grades which gives a bright outlook for the future. The boys will practice on Monday and Wednesdays and the girls on Tuesdays and Thursdays.

Much foundation must be laid before drills can actually be prepared for Palmer awards in all grades and the first grade people are beginning now to work for the little star pins awarded them for meritorious work.

The fourth grade people have been especially interested in the stamp collection which Jack Marsh has brought up for their inspection. They have been particularly interested in those from Norway and Sweden since they have recently taken a geography journey to that country. These pupils have also been making strenuous efforts to

conquer 147 "demon" words which they met for the first time on Monday. If they have learned them thoroughly by Friday Easter Bunny has been promised them as a reward.

A fire drill conducted this week showed quite satisfactory results—the building was entirely vacated in 40 seconds with little noise and no confusion.

Miss Helen Cowgill who was to have been in Beaverton this week for the purpose of conferring with members and leaders of the 4-H clubs has not been able to come at this time but will be here at a later date.

Visitors this week include Mrs. Bozich in the first and third grades, Mrs. Drorbaugh and Mrs. McGuire in the third, Mrs. Newell in the fifth, Mrs. Newton and Miss Benjamin in the sixth. Supt. Kraus also called at the school office.

Final injections of toxin-antitoxin were given the pupils of the school Monday by Dr. Welch, Marston and Mason.

George Morgan is absent from school due to a broken leg sustained while roller skating on the highway by his home.

Ethel Kilander returned to school Monday, after a rather prolonged absence due to illness.

The monthly report for the grades which has just been compiled shows a gain of 11 pupils for the month

which in some measure restores the enrollment which was decreased by the recent boundary investigation. This means a present registration of 250 pupils. 201 pupils were neither absent or tardy for the month. Twenty-one tardy marks are recorded and the attendance per cent was 95. There were fifteen visitors—one of which is credited to a school board member.

LET'S FOLLOW THE
PORTLAND PLAN

The purpose is to provide employment for needy workmen. You have been putting off necessary repair work etc., that you will need eventually to have done, so why not buy what you will need at the present time. Have your repair work done now. If you figure on building, now is the time, as material and labor will never be as low and you will be giving employment to needy citizens. Through the Portland plan over \$8,000,000 has been pledged in work. Do your share, and phone or write
