Gadsby Furniture Company

FURNITURE

Located in Portland at 1st and Washington streets, in their own building, render such satisfactory service to the trade that it is recognized as one of the leading furniture houses in the city.

The Gadsby Furniture Company is not satisfied with stocking just a few articles of furniture. When establishing the business and preparing to sell furniture and home furnishings to the people of Portland and adjacent territory they determined to keep in stock everything necessary in the home furnishing line. Those who have purchased from them or been in the store will acknowledge that they have succeeded. We venture to say that there are few stores in the city that carry a more complete stock and no similar firm surpasses in quality.

The Gadsby Furniture Co. carries an attractive line of dining room, bedroom, living room furniture and Chesterfield suites, home furnishings, electric lamps, pillows, cushions, etc. Also, in order to improve the service of the firm, they have an exchange department where odd lines of used furniture are offered at real bargain prices.

Their purchasing power with manufacturers has made it possible to secure merchandise at rock bottom prices which has, necessarily, produced a heavy turnover. Whether you want furnishings of moderate price or the most expensive they give value and will accept your old furniture in trade and will make liberal allowances. To out-of-town customers they extend the convenient deferred payment plan and have prompt truck delivery to all points adjacent to Portland.

An enlarged delivery service which will permit the delivery of furniture within a 50-mile radius of Portland has been announced by Ben Gadsby, president of the Gadsby Furniture company. The new service entails the addition of six trucks and an increase in the personnel of the company.

Under the new program the Gadsby company will take care of its own deliveries in the Portland area.

They have made a thorough study of the requirements of this specialized trade and are serving many influential and prominent homes in this territory.

Theirs is one of the most important stores, serving the public from morning till night in the most effective manner. They own their own building and for that reason can give rock bottom prices.

We appreciate the privilege of pointing to this firm as filling a creditable position in local retail channels.

"Happy Days" Queen Candidates Out for Increase in Votes

Nomination for candidates for queen of the "Happy Days" celebration closed Monday noon, June 6. There are five candidates from Hillsboro, one from Laurel, one from Aloha, and one from North Plains. The candidates, Gloria Coulter, Mildred Donelson, Tillie Hoffman, Elda Hershey and Lucile Hart, Hillsboro, Jean Lannock, North Plains, Marie Schmidt, Laurel, and Elizabeth Hays Aloha, were formally introduced at the Chamber of Commerce luncheon June 6 by past queens Alma Varner, Lucile Cook Ediger and Gladys Kuratli. There is an increasing demand each day for votes, and a heavy vote is expected in this year's contest.

Entries are still being made in the championship walking contest from Portland to Hillsboro with a total of 34 entrants to date—11 from Portland, and the balance from other cities of Oregon and the Northwest. An entry of unusual interest is that of Wilfred Goodman, of Silverton, Oregon, who is twelve years old and states that he is training daily and will surely win one of the prizes in the race. He is a sturdy athletic boy.

Special inducements will be offered to some young couple to be married in the auditorium Sunday afternoon, July 3. The wedding will be an impressive and solemn affair with flowers music, etc, that could be had otherwise.

Allen's Ambulance Service

With Headquarters at East 9th and Ankeny, Portland, Stand Ready to Furnish Ambulances for All Occasions—Are in Much Demand for Transporting Convalescents, Accident Cases, Etc.—Ambulances are New and Modern and Rates are Low. Phone EAst 6575.

The opportunity is not given every one to work out their own successful career and at the same time be of innumerable service to the people of their own town and surrounding country. But such is the case with this company.

With the acute business judgment that has characterized its entire career it realized that it was important that the people of this community not only have a service of this kind but one that would be thoroughly modern and in keeping with the demands of the present day. This concern has added from time to time until they are now enjoying a large business and are serving the people faithfully.

In this day of high speed automobiles, accidents are only too numerous. A slip of the wheel—a crash—somebody's hurt. Frantic rushing about—a crowd gathers—

then the ambulance from Allen's Ambulance Service rolls up, a quiet and efficient attendant steps out, and in the twinkling of an eye the injured one is whisked into the ambulance, the driver steps on the gas, and off to the hospital and the peace of the white sheets of a hospital bed and soothing and efficient nurses.

Allen's Ambulance Service is much in demand for transportation of convalescents, for carrying in people from rural districts to the hospital, etc. Their large modern ambulances run by careful drivers, are always available at short notice. The rates are very much appreciated and fills a real need in outlying districts where other ambulance service might not be available.

We desire to compliment Allen's Ambulance Service, of Portland, and to recommend them to all our readers as performing a worthy service.

GOSLINGS FOR SALE—V. L. Robinson, Route 3, Box 128, Beaverton near Progress.

When it comes to conducting a transportation business this firm knows it and the assurance of satisfactory service rendered by them is evidenced by the increasing patronage they are receiving year by year.

They specialize in the transportation of commercial goods, long, short hauls. They are equipped with all latest equipment for the transportation of large and heavy articles.

There is nothing too large or too small for this well known firm to move.

In this day of Twentieth Century efficiency nothing has developed as rapidly as the methods of transportation of merchandise. The time was when merchandise had to be moved by steam roads or by two horse wagons.

Not so today. They operate large motor trucks with sufficient capacity to carry anything large or small, and is transferred quickly and with perfect safety, thus their patrons are

no subjected to the delay and loss of time that they formerly were. There is no doubt that the development of the transfer business as operated by this firm has been exceedingly beneficial to the public.

No concern in this community has given the transfer business more special attention than this well known establishment. Their motor trucks are of modern type and the employees who operate them are especially skillful in this line of work.

When you have any hauling of any kind, you are assuring yourself of rapid transportation, real service and charges reasonable by calling this reliable firm.

We are pleased in this business review to call our reader's attention to this well known establishment with whom you can trust goods, as they will be delivered to the destination promptly and in first class order while the charges will be most satisfactory.
