SEX

Continued from Page 1

If this isn't the most interesting thing medically I'd like to know what is more interesting. Read the letter, Mr. Pierson's letter is interesting, he addressed one of our late governors of the State of Oregon recently telling his experience with glands.

Dear Friends:

I am writing this letter so that others may know what wonderful results I received from the Gland Treatment.

I suffered with that dread disease, Arthritis, for twelve years. My spine and neck were immovable for seven years. For seven years I was unable to dress or undress myself—in fact I was unable

to do anything for myself.

On April 20th, 1929, I took the Gland Treatment. In ten days results were noticeable. I had been unable to work for more than seven years! After years of inability to work, three months after taking the treatment I was able to return to my usual duties. At the present time I am feeling fine and improving every day.

I just want to add in conclusion that the cost of this treatment is reasonable, though no amount of money would be too much. If any one wishes to write me I will be very glad to answer any questions.

Yours truly,

W. R. PIERSON

We are going to give you a modern version of Sex in a future issue look for it it will be interesting.

W. R. Pierson BEFORE treatment. Spine was so set that when he wished to look at a person to whom he was talking he would have to stand sideways, as in this picture, and look out of corner of his eye. His spine was totally set and immovable.

W. R. Pierson 5 months AFTER gland treatment. Spine is movable from his head down. Most joints now normal!
