

LOOKING AT WASHINGTON

Continued from Page 1

strong hint to the Legion not to demand payment of the compensation certificates at this time. Reaction in Portland, where the Legion convened indicated that the President's action would accentuate an effort to pass a resolution censuring him for making use of Federal troops.

It now seems likely that President Hoover will invade the wheat and corn belt sections and deliver a speech on economic conditions, with special reference to the plight of the farmers. No program is positive but the Western tour of Governor Roosevelt is being watched and the Republican Board of Strategy thinks it will be political wisdom to have the President follow him into that section.

Leaders of the Party insist that there is no "serious defection" in the farming states where the President has strengthened himself by the recent rise in commodity prices. However, there is no disposition to take any chances and a vigorous campaign will be made to turn out the rural voters.

Some comment has been made in Europe, especially by those opposed to the Hoover disarmament plan, over the failure of the United States to send a special representation to the meeting of the Disarmament Conference Commission on Limitation of Budgetary Expenditures. The absence of this country is explained in a letter to the League as due to "budgetary reasons" and it is pointed out that this does not mean any loss of interest in the work underway.

European critics point out that Geneva, on account of the Franco-German and Manchurian situations is going to need close watching and other nations are expected to send some of their leading men there. These foreign critics pointedly remarked that it would seem to be impossible to achieve Mr. Hoover's goal of one billion dollars in armament reduction without risking more money than the United States has appropriated for the use of its conferees.

Nearly \$600,000,000 will be spent during the current fiscal year for public works by the Federal Government, according to Ferry K. Heath, Assistant-Secretary of the Treasury, who estimates that about 400,000 persons are employed on Federal buildings under construction at the present time. According to Mr. Heath, by June of next year, the Government will have under construction practically ninety per cent of the public works necessary for the next twenty-five years.

The National Popular Government League has issued a pamphlet entitled "Power Records of Hoover and Roosevelt," with the conclusion that President Hoover would influence the nation's power policy toward control by private interests for an indefinite future, while Governor Roosevelt would help determine the nation's future power policy in the public interest.

The League sums up the record of both men, upon which it based its conclusion. Moreover, in the pamphlet is a statement prepared by Prof. Charles A. Beard and signed by 36 others, calling for increased regulation of public utilities and further competition of government-owned plants with them. Included in the publication are some of the speeches made in Congress by senators favoring the position of the League.

METHODIST CHURCH NEWS

George F. Gordon, Pastor

Failures in the Midst of Privilege is the sermon topic at the eleven o'clock hour next Sunday. This is a timely message you will appreciate and profit from. The message centers in the "Parable of Jehovah's vineyard" Isaiah 5: 1-7. This song of the prophet is a parable in honor of Jehovah, recalling His marvelous goodness to His people, and their failure and ingratitude to Him.

How easy in times such as these to forget the blessings we have. Things are never right with us. The nation seemingly is not prospering unless flooded with luxuries. This is true of the individual. We may not have as much to live on as we once had but we have just as much to live for.

If you are not attending some other church we cordially invite you to make your church home with us.

CONGREGATIONAL CHURCH

Rev. Charles F. Clarke, Pastor

Belhel Church is starting a Bible reading and Bible memorizing plan, we would be glad to have you join. Come Sunday and find out about it. At 11 a. m. Mr. Clarke will preach on "The Bible, God's Great Gift." At 7:30 his subject will be "Some Men Who Walked with God." Solos will be sung by Mrs. Martha Brown and Miss Mary Evelyn Caldwell will sing a duet. The Bible School meets at 9:45 and both Endeavor Societies at 6:30 p. m. The Bible study plan will be explained at all these meetings and opportunity given to enroll.

CHRISTIAN CHURCH

Rev. G. W. Springer, Pastor

We have enjoyed the Evangelistic meetings conducted by Bro. Louy Adams and James Runyan, singing Evangelist, and believe they have been a real blessing to the church. Friday night these meetings will be brought to a close. A large string band from Portland will be present and Mr. Adams will speak on the topic "The Devil, Old Serpent or Dragon."

There will be regular services next Sunday, both morning and evening.

The Christian Endeavor society held a business meeting last Friday evening at the home of the pastor. Some splendid plans were made for the coming term which should benefit the society.

Mrs. John Dobbins, Mrs. M. C. McKercher, Mrs. Walter Van Kleek, and Mr. and Mrs. Lewis Stark motored to Gresham Wednesday to hear Gov. Roosevelt speak. Later they attended the Multnomah grange at Orient.

FAIR SUCCESSFUL
