As The World Goes By

All the world's a stage, and all the men and women merely players. Shakespeare.

The nation bows in silent and reverent homage to the memory of a leader whose successful life was devoted to faithful and efficient service to his country, Calvin Coolidge.

The new year starts in with an appalling number of violent deaths, bank robberies, and hold-ups.

A new president of the United States was elected last week—officially elected. The result tallied closely with the straw vote taken November 8.

All things change, but writing paper remains stationary. School books too.

Samuel Insull now sits among the ancient ruins of Greece, while his victims sit among modern ruins in America.

In 1914 the English navy consisted of 69 battleships, 108 cruisers, 285 destroyers, and 74 submarines. The English armament by 1936 will be 15 battleships, 50 cruisers, 117 destroyers and 38 submarines.

In a recent address, Dr. John F. Dobbs, president of Pacific University, made this statement: "Oregon is most college-conscious and college bred state in the Union. Oregon has 24 persons in college to every 100 in high school. In the United States at large there are only 15 in college to every 100 in high school.

Harvey W. Scott tried to relate his experiences in coming down from the Olympian Country to school at Forest Grove. He told how he tied his clothes in a bundle and with them fastened on his head swam the Columbia River, thus saving many miles in his tramp to school. He graduated from the academy, and remained to become the first graduate from the academy, the only one in his class of 1863. He was always a staunch friend of Pacific, and testified in various ways to the value of its education to him.

Regular Session Opens At Salem Last Monday

The special session of the legislature at Salem failed to balance the budget as requested by Gov. Meier. The emergency tax on sales of tangible personal property and personal service prepared by the tax commission in the State of Oregon and submitted to the legislature without recommendation was passed in the House but defeated in the Senate. Representatives from Washington County were divided in their vote. Representative Johnson opposing the measure and Representative McAlear of Hillsboro favoring same. It was the general feeling by members of the legislature that it was impossible to vote a sales tax or any other form of tax until the Ways and Means Committee had determined what the necessities were for the next biennium. Representative Johnson stated that he opposed the measure because he did not feel that the people of Washington County desired a sales tax and he was certain that they did not care for a sales tax in the form that was submitted. He further stated that he could not conscientiously vote for any revenue measure until the Ways and Means Committee had determined the definite financial condition of the State. Furthermore, the bill as submitted provided \$2,000,000 and \$5,000,000 which amount is in excess of what is actually needed for the administration of state affairs.

The regular session of the legislature, which opened Monday, Jan. 9th adopted the same rules as the special session which provided for a 20 per cent cut in the salaries of all employees of the legislature. This was in line with the economy move which appears to be the general sentiment of the members of the House. The first two major bills of importance submitted at the opening session were bills submitted by Representative Hall of Portland providing for the repeal of the constitutional amendments were referred to the committee on Alcoholic Control of which Representative Johnson is chairman.

PETITION 4 PRECINCTS

The rapid growth of Beaverton demands division of voting precincts before another election. During recent years this community and near vicinity has been divided namely; East Beaverton precinct and West Beaverton precinct.

The 1932 registration of voters gave East Beaverton precinct over 1000 voters and West Beaverton precinct very near as many. The law provides 300 as the maximum for any precinct.

Petitions are being circulated at this time requesting the County officials to sub-divide the two Beaverton precincts in the following manner to wit: leave the boundaries the same as is except, run a line through the center of the Beaverton-Bertha highway beginning at a point on the Eastern boundary of East Beaverton precinct thence in a westerly direction to a point on the Western boundary of West Beaverton precinct. This said central sub-division will create four precincts out of the two present Beaverton precincts similar to Hillsboro and Forest Grove.

The new names will be N.E. Beaverton, N.W. Beaverton, S.E. Beaverton, S.W. Beaverton which will provide eight election boards and four voting places which will give splendid service for Beaverton and vicinity on election day.

Every voter is requested to sign the petition.

Copy of same will be with Beach's Market, Wilson's Jewellery Store, Councilman Fordney and Mayor Fisher.

Water Pump Set

Councilmen Bishop and Koshland on Tuesday, measured the depth of the new city well at the Beaverton reservoir on top of the ridge above Weed's Nursery.

Wednesday, Mr. Smith the concrete man with crew placed the two ton concrete block around the stand-pipe. Councilman Fordney and Mayor Fisher were present. Said block was made 1-2-4 mixture and will be ready Friday. The roads are very soft on the hill which prevents using truck transportation. Lewis Zimorick is hauling in material with his team.

Several well diggers including Al Jansen contractor in charge are very optimistic in estimating abundant supply of water for Beaverton. A sample of water taken from the bottom of the new well recently, was analyzed by experts and pronounced excellent and comparing favorably with the best in Oregon.

The new Bingham pump will be assembled in sections Monday and will probably be placed in position by Wednesday, January 13.

This is the test pump to determine the flowing capacity per minute of the well.

P.-T.-A. MEETING

The Parent-Teacher Association held its meeting in the high school assembly hall on Monday evening of this week with an attendance of about 60 members and visitors. Miss Meeks, Home Economics teacher at the high school gave a report on the hot lunches that are being served at the Grade school cafeteria for needy children. The Association is sponsoring this undertaking. The president Mrs. Nelson Walker, appointed a committee to serve on a card party which is to be given some time in January for the purpose of raising funds for this most worthy cause. Further details will be given later. Dr. R. S. Welsh was to have spoken on the subject, "Maltnutrition" but was unable to attend. Mr. M. Dunham, teacher of violin at Mitnomah, Ore. brought over a number of young people who rendered a very delightful program of several numbers. The easy and confident manner in which these children played was all the more remarkable due to the fact that they have taken lessons only since last August, and this being their first public appearance.

At the close of the program, refreshments of sandwiches and coffee were served in the cafeteria by the committee in charge.

The Bethel Ladies Aid met at the Congregational church parlors on Thursday of last week, with an attendance of 22 members and friends. The study group with Mrs. L. D. Shellenberger leading the devotional. A chapter entitled, "Fitting into the World's Forenoon" was taken up by mission life" from "Living Issues in China" was read by Mrs. M. C. McKercher after which a general discussion followed. Interesting letters from missionaries Minnie Tonz of Rhodesia South Africa and Nellie Walker of Foochow, China were read to the assembly. A very appetizing pot-luck luncheon was served at one o'clock and this was followed by a business meeting for selection of officers. Reports for the past year were also read and discussed. Mrs. George Shellenberger was re-elected president of the Aid with Mrs. George N. Taylor as vice-president and chairman of the Missionary Committee. Mrs. Arthur Olson and Mrs. L. D. Tucker were re-elected secretary and treasurer respectively. The next meeting will be held on Thursday, Jan. 19. Everyone is welcome to attend.

GRADE SCHOOL NEWS

The second grade has found an interesting project in the making of calendars. This is the first time the numbering has been done by the children themselves. Every student in the room is trying to get 100 per cent papers on the arithmetic bulletin board.

Naomi Smith brought a set of circus parade stamps to be used in class work.

The third grade Geography class has been making charts showing sources and development in clothing. This class has also made an Eskimo frieze as a January art project.

A race is going on between the milk bottle and the coffee pot in Room 4. The pupils who drink some milk every day and who drink neither tea nor coffee will place their names in a milk bottle, while the names of those who drink tea or coffee will be placed in the coffee pot. The contest will end when all names are in the milk bottle.

The fifth graders in their Geography are visiting the Central States. Multiplication of fractions has also begun this week. Row number one is winning the airplane race in spelling.

The sixth and seventh grades are beginning a spelling contest. In the sixth grade the Captains are Lillian Jacobs and Loris Bixby and in the seventh Barbara Wildman and Shigenari Nagae. The sixth grade is reviewing Oregon History in preparation for the final test.

The present problem of the 5th, 6th and 7th grade art classes is soap sculpture. The soap is carved into original designs by the students, and then is colored if desired.

The eighth grade students are making large water color panels of medieval castles. A variety of pleasing color arrangements has been developed. The completed panels will be displayed in the room next week.

Wanda Lee Rands has returned to school here after attending school in Fruitland, Idaho.

Perhaps you already have a car—in which case you may sell your car and expend the \$729 in travel or a nucleus for an education, or for a business of your own. And \$729 is not to be passed up lightly.

Now \$729 is pretty good money to add to your present income for your spare moments during the next few weeks—moments that otherwise would be lost.

How long would it take you to save enough money out of your earnings to purchase a car of these values or one of the other big prizes awaiting you in this gift distribution? Figure it out for yourself. You will readily see the opportunities that participation in this distribution affords.

If you are alive, if you have the least spark of business judgement financially and want to add materially to your income, get in your name. Show a little action and make more money in your spare moments than most people make in months, and more than many clear in a year.

Announcement of the only special vote of the entire campaign appears today. Up to and including Jan. 23 is the biggest and only vote opportunity in this entire campaign. Look the list of candidates over. The vote is very low, far lower than we had expected it to be, but it simply makes it easier for anyone to start now and make a runaway win. Read the list today. See how few of the candidates have really been getting anything but free votes. Opportunity Days give every candidate a chance to win is to take advantage of all chances to gain in votes.

Opportunity is crying aloud for live entries in this campaign. Many sections of this district and the surrounding country do not have representatives.

With just a few short weeks until the Tualatin Publishing Co. "Everybody Wins Campaign" comes to an official end many sections of the district and country are still without representatives in this gigantic event. The big high-class four door sedan and the hundreds of dollars in gold and silver will be given away without one cent of cost—regardless of the success of the enterprise—to those who are nominated.

In today's issue of this paper, the first vote count is printed. There is yet time for you to get in, but your nomination should reach the campaign office not later than noon next Wednesday evening.

All those who have entered should report with subscriptions this week. If you want your friends to help you, you should show them by your vote count that you mean business.

Are you content to sit and cry about not being able to do this or that? Here is over \$3,000.00 awaiting the men and women, married or single to take as a gift, without one cent of expense. What are you doing about it?

With conditions as they are, with so many really crying for more money, with so many looking for an opportunity to add to their income—why don't more live ones enter this campaign and carry on to win?

You cannot lose. You are paid for every minute of your time. Every non-gift winner is given an ABSOLUTE GUARANTEE that he or she will be paid for his or her time—20 per cent of every subscription is yours if you fail to land one of the big gifts. That, in itself, is a good business proposition.

The campaign will not be long, drawn out affair of several months' duration. It closes February 18.

O. E. S. GIVES AID TO NEEDY

The Eastern Star Chapter held its meeting of the year on Wednesday evening of this week with a good attendance. The program which had been planned for the evening had to be unavoidably postponed on account of illness and absence of several of the members, but will be a part of the next meeting.

The chapter voted to give fifty dollars of its funds for the Beaverton Relief Committee.

Henry Zimmerman met with an accident Wednesday afternoon which resulted in bruises that had to receive medical attention. He was walking along the highway pushing a wheelbarrow and was struck by a machine driven by J. A. Johnson of Jennings Lodge, Oregon.
