CONGREGATIONAL CHURCH
Rev. Charles F. Clarke, Pastor

Well Friends: next Sunday is Mother's Day, some who do not go to church as often as they should will go then, for "mother" was the wonderful woman, she was largely because of the church she loved, and somehow the church draws us to express our reverence for her. "There is a religion in all deep love, but the love of a mother is the veil of a softer light between the heart and the heavenly Father".

Coleridge.

Bible School at 9:45, morning worship and sermon on "Mother," evening service at 8 o'clock, sermon topic "The Most Beautiful Woman in the World." Christian Endeavorers go to the Pilgrim church, Portland, at 3 o'clock and hold their own meeting at 7 o'clock. Midweek meeting Wednesday at 8 and Bethel Ladies' Aid Thursday at 11, with pot luck luncheon at 12:30.

Aspecial Mothers Day program will be presented at 11 o'clock. The subject of the sermon will be "Woman's Contribution to Society."

BEAVERTON CHRISTIAN CHURCH
Rev. G. W. Springer, Pastor

Tuesday, May 9th, will long be remembered by the Ladies of the Sisterhood and Bible Class. Mrs. Earl Hall, president of the class for the past two terms, entertained them in her home with a delicious plate luncheon and in the business meeting which followed announced her intention of leaving this locality, resigning from the post where she has so faithfully served since her election. She was presented with a gift from the members of the class.

Next Sunday evening a beautiful pantomime of the "Old Rugged Cross" will be presented before the evening sermon. A week from next Sunday there will be a "Seth Parker" meeting. The old songs and even some of the characters that we love so well will be there, while not in person still in a very close personification.

In the morning the topic of the sermon will be "Motherhood Exemplified." In the evening Mr. Springer will speak on the topic "An Appointed Day."

UNITED STAGES

Provide an Indispensable Transportation Service to the People of Multnomah and Washington Counties—with General Offices in Portland at 246 Couch, Telephone BRoadway 0015. Is a Prominent Concern which has Satisfactorily Solved the Problem of Transportation for Portland and Vicinity and Renders an Excellent Service under the Progressive and Competent Management of F. C. Gallagher.

Probably no feature of the advancement of commercial and social conditions in the United States so clearly demonstrates actual progress as the improvements made in transportation facilities. From the days of the old stage coach to the modern motor bus is a long jump, but America has made it in a few years and today every progressive community provides excellent motor bus service.

This firm operates one of the most popular of the bus lines of the state and has left nothing undone in their effort to provide a service that is both modern and satisfactory. They maintain a regular schedule between the points on their line and their busses leave and arrive at the various points at stated and regular intervals. You can always depend upon their busses being on time and they are operated so frequently that you can ride at your own convenience. The busses themselves are modern motor transportation vehicles, especially designed to meet the requirements of this company and its passengers. They are large and roomy; well ventilated at all times and well heated in winter. They are equipped to render your ride a smooth and comfortable one and the drivers are both careful and cautious.

There is no more satisfactory means of transportation than that of the modern coach type this company conducts where the policy of courtesy and service is maintained. Their motor coaches are not only modern but are also clean and sanitary and their employees are at all times pleasant and accommodating to the traveling public.

This concern aids in no little measure the progress and expansion of this and the territory it serves.

It is a great convenience to the working people to get to work on time, to the shopper, the sight seer and the general traveling public, aiding in both the social and business life of the people. Everyone in the vicinity should occasionally take a trip over the line and see the wonderful development and how the territory they traverse is being built up. Real estate has become more valuable all along the line by reason of their service.

In this business review we wish to compliment them and suggest to our readers that a good way to promote the further progress and expansion of the community is to patronize this bus line whenever they are going to these cities or intermediate points.

They conduct a complete sheet metal establishment and are prepared to execute all classes of work including tin work and all of the other fine and intricate features of modern sheet metal establishments, such as skylights, ventilators, repairing and rebuilding, ridge roll, cresting and all kinds of ornamental work.

During the time this firm has been in business they have executed many contracts here and these stand as examples of the expert workmanship.

And while only the highest class of sheet metal and other work is performed by them, the prices are most reasonable. In the various departments they have a large stock on hand at all times, and this is especially true of the repair department. This class of work is a specialty with them and is done promptly and satisfactorily.

Whether the job be large or small makes no difference to them in the manner in which it is accomplished. The best materials, the best workmanship and fair prices regulate their activity, and it is without fear of contradiction that we say one cannot do better than to consult them in regard to all matters of this work and allied features.

In the employ of the concern are expert men who thoroughly understand sheet metal work to the best advantage. The service on roofing work is rapid and satisfactory, the work careful and lasting. These crafts men will go on your job and will astonish you at the results that can be produced.

By giving first class work at moderate prices they have built their business to its present high standard.

We advise all our readers that when they want any of this work properly executed they consult the Wynkoop Bros. Co.
