### Visitors Expressed Deep Gratitude for Treatment Received Here

The merchants of Beaverton were so impressed with the fairness and honesty of the owners of the racing greyhounds who have lived in Beaverton during the season, that they moved to give them a farewell party after the final race Monday night. P. M. Madden made arrangements with other merchants and he and Mr. and Mrs. A. H. Rossi acted as hosts at the Greyhound Cafe. A dutch lunch of sandwiches and beer was served to about sixty dog owners and trainers. Many friendships have developed during the summer between the local people and the racing fraternity. Several of the owners speaking for the group, expressed their pleasure at the treatment they have received here this summer saying in effect that they had never raced in any place that they had enjoyed so much, not only insofar as the racing arrangements, the climate, and the dogs was concerned, but also on account of the genuine friendliness and hospitality of the people.

Among the owners and trainers present were the following, who are going to Belmont, California, from here: C. R. Sterling, W. D. Foy, Patrick Conway, George Carroll, E. D. ### Rocky Mountain Dawn

Night is a cave of shadows over the heart.  
The eastward mountains burn with an edge of fire;  
The hillside fir trees burgeon with still flame.  
In the cool cup of dawn the lake's dark wine  
Invites the lips to long forgetfulness  
Who shall remember now the night of dreams  
Lonely under the moon's ethereal rain  
Out of the caves of darkness blossom days!

VERNE BRIGHT,

### Oniontown — Beaverton — Dogtown — What Next?

The metamorphosis of Beaverton from "Oniontown" to Beaverton is a tale that is worth the telling. The appellation "Oniontown" came uncited from the fact that this community raised the most and finest onions in these parts. "Beaverton" was the outgrowth of a more aesthetically formed nomenclature suggested by the acres of rich beaverdam land nearby. The name "Beaver" having been previously appropriated and "Dam" was not considered in keeping with our wonderfully fertile land, a bright idea suggested that "ton" be added to beaver. Whether this was intended to suggest a unit of weight by which we sold onions, is not known. At any rate we have remained on the map and prospered under the name.

Now comes another title, perhaps not as euphonious as some would prefer but utilitarian to the Nth degree. Beaverton awoke on a drizzly day this spring to find that she had been dubbed "Dogtown". Not with any slanderous intent but with the kindest feeling in the world notwithstanding the fact that she had literally "gone to the dogs."

Every vacant house, barn and shed was full of dogs. Every person met on the street had that interrogative expression. The suspense became intense till a more inquisitive native mustered enough courage to accost one of the men in charge of a bunch of dogs.

When he returned to the assembled crowds on the corners, there was a breathless pause while he explained that they were race dogs. Not a race of dogs but just plain race dogs. Then things became as clear as mud. What are race dogs?

Since that memorable day Beaverton has had the question answered and has learned to feel proud of the appellation "Dogtown." She has learned to admire those noble species of the canine family. Some of the more outstanding ones have become known personally and a feeling of sincere regret was felt on their departure for other climes till next summer. There is a vacant place in town since they left and the rejoicing will be genuine when they return next year.

### TIGARD BANKER MADE CHAIRMAN OF COMMITTEE

### Club Leaders to Gather at Court House Tonight For Final Plans

A bigger and better fair is the prospect for August 25 and 26, when the Future Farmers, the Grangers and Farmers' Union Locals get together at the Fair grounds for Hillsboro's largest fair since 1931. The 4 H club Leaders' association will meet at the court house on Friday, August 18 at 8 p. m. to go over final plans for the fair.

About 75 head of cattle will be exhibited by club members according to Joseph Belanger, assistant county agent, who with Dr. Coon of Forest Grove, and Dr. Nicol of Hillsboro blood tested 42 head of cattle over 6 months of age on Tuesday and Wednesday of this week. Roughly, half of the cattle shown last year were under six months which would indicate the largest showing of 4 H club stock ever shown in Washington county. Exhibits of corn and potatoes will be limited this year due to the late season and early date of the fair, but slackness in these divisions will be compensated by an increase in vegetable and forestry exhibits. A new feature of the fair will be the exhibit of the Handicraft clubs. Handicraft project is new in the county this year and two clubs, one led by Mr. Nault of Reedville, and the other by Mr. Schulz of Garden Home, have done excellent work.

Poultry clubs will put on the biggest show of birds ever shown here, according to present indications. Last year more than 100 birds were exhibited. The Washington County Poultry Association will hold its annual picnic at the fair grounds on Saturday, August 26. As a special feature, several 4 H club poultry demonstrations will be put on before this group. Demonstrations of egg grading, trap nest construction, im grading, trap nest construction, im planned by the poultry clubs.

The 4 H club booth exhibits, which proved such a popular feature of last year's fair, will occupy three quarters of one of the buildings with the Future Farmers' exhibits of crop and shop work extending the entire length of the same building.

Scholls, Sherwood, Hillsboro, Beaverton, Washington, Leedy, Tigard, Gales Creek and Aloha granges are planning booths which will be in the northwest exhibit building. In this same building the Hillsboro Grange will have a good concession and the Future Farmers will serve ice cream and soft drinks. Getting closer to the regular county fair several business firms are planning for commercial exhibits. Among the business houses exhibiting are Hillsboro Feed Co., Burlington Feed Mill, Weil's Dept. Store, C. C. Store, Bristol Hardware Selfridge Bros. Albers, Carnation Milk Products, Poole Gardner, Lester Ireland's and Portland General Electric.

The feature on Saturday morning will be the first judging contest for Smith Hughes students to be held at Washington County fair. This will take place Saturday morning, August 26. Plans are under way for classes in dairy cattle, sheep, hogs and beef cattle. A silver loving cup, which must be won three times for permanent possession is being donated by the First National Bank of Forest Grove. Already entries have been received for teams from Gresham, Newberg, Silverton, McMinnville, Amity and Forest Grove and others will doublets come in.

Increasing interest is being shown in the girls milking contest which takes place Saturday evening. Each farmers union local will be represented by one milkmaid. The county meeting of the Farmers Union held at the court house last Saturday evening, voted to purchase a cup to be engraved with the winners name and to be the property of the winning local for one year. Winning this trophy three different years will entitle the local to permanent possession. In addition the 4 H clubs will provide individual prizes for all contestants.

Each evening there will be a dance preceded by about an hour of entertainment. The Laurel orchestra will play Saturday evening. Loud speaker equipment will be installed by Reid Connel so that the music may be heard plainly in every part of the huge auditorium.
