Chester Beach made a business trip to Vancouver, Wash., Tuesday.

Mr. and Mrs. E. G. Perkins spent Sunday at Wilhoit Springs.

evening Mr. Springer will speak on the subject "The Church According to Pattern." This sermon is a continuation of the sermon preached last Sunday evening.

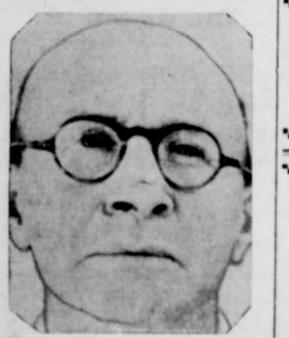

There are many methods of inquiry that have been tried. Men have tried logic. They have discussed Christianity as an academic problem, a thing to be proved or disproved by a clever entanglement of major promise or minor promise and conclusion. But a living thing can never be investigated in a vacuum of formal logic.

Men have investigated Christianity by the method of analyzing the physical universe. With physics, chemistry, astronomy, and biology they have scrutinized the universe. They have reported "The earth is resolvable into many elements. But our test tubes do not report God or the soul."

So this school of materialistic science has exiled from the universe all unresolvable mystery and wonder.

There is only one valid method of inquiry into Christianity as a life-try this Christ, see what takes place in your life. Try living on the hypothesis that Jesus' revelation of God the Father is true and that his way of life leads into the largest values. That experience will yield facts on which to build life.

WELCOMES CODE

J. F. APPLGATE, Applegate, Corners, Beaverton, believes the elimination of disastrous price-cutting will bring about greater appreciation of the extra service Richfield has always rendered. Says Hi-Octane sales are growing steadily. adv.

METHODIST CHURCH
George F. Gordon, Minister

The sermon topic Sunday morning at nine o'clock will be "The Method of Inquiry Into Religion." In Acts 25: 20, we find Festus asking a question was baffled over this Jesus who did such wonderful things and said so many great things. He could not reason the whole thing out. Festus is not the only person who has felt at a loss about inquiry into that topic, there is but one sure method of inquiry and that is through experience. You wish you really knew whether there is any worthwhile thing in this Jesus Christ. Try Him. That is the only really scientific method of investigation.

CONGREGATIONAL CHURCH
Rev. Charles F. Clarke, Pastor

Sunday School will hold its session at 9:45 as usual and the church services will be held at 11 a. m. with the subject for the sermon "Can This Be That?" and at 8 p. m. the subject will be "Those Meddlesome Missionaries." Beginning next week the evening services will be held at 7:30. Next Wednesday there will be the first of four gatherings for missionary study. Pot luck supper promptly at 6:30, study in groups at 7:30, closing promptly at 8:30. Every one in the family invited. There will be group studies, one class for adults, another for primary children and another for the juniors. Those of high school age will hold their class Sunday evenings at 6:30, so their study hours will not be broken into. This is in connection with the Missionary Education Movement and has nothing denominational in it, so we invite anyone to attend. Text books will not be needed, except for the leaders.

CHRISTIAN CHURCH
Rev. G. W. Springer

Friday evening, October 6, the women's missionary society will give a missionary program in the basement of the church. A returned missionary will be present to address us. Men as well as women should take an interest in this work and be present, thereby giving their support. Visitors are welcome. At the close of the program refreshments will be served.

Next Sunday is Rally Day and home coming at the church. There will be a basket dinner and a special program in the Sunday School. As we hope to establish a record attendance endeavor to be present in the Sunday School in time to be counted when the records are made.

The topic of the sermon next Sunday morning will be "Things Obtained through the Gospel." In the

A Most Profitable Investment in Something that is Worthwhile

One of the greatest things in life is to give you real self an opportunity to live and enjoy life. There are few forces in life that so appeal and uplift the soul of an individual as that of music. If you want to know the real spirit of a Country attend its musical concerts and you will understand what the writer refers to. The Western coast of America is fortunate in that it has drawn to itself some of the worlds best musicians whose work has ever been a source of inspiration to our people.

The SYMPHONY CONCERTS season tickets are now available. You may enjoy the entire season for \$12 which will bring into the home hundreds of dollars in dividends in harmony, pleasure and inspiration. Wilhelm Von Hoogstraten will conduct 70 musicians in eight Monday evening concerts, six Sunday Matinee concerts, and featuring Six Guest Artists, Portland Choral Society. You will find it the best solid investment for the year for yourself and family. You can now reserve your seats at the SYMPHONY HEADQUARTERS, continuing in the Maegly-Tichner Bldg., located at 616 S. W. Broadway, Portland, Oregon. You may phone AT. 1627.

Is it Wrong to Dance?

These are questions that we hear raised from time to time but which as a matter of fact can only be answered by those who have danced. It is surprising how few people who

know how to dance have anything to say against it. However those who have learned to dance and are in the habit of dancing with the better class of people have only praise for it. There is something in the dance that appeals to the beautiful and brings forward grace and harmony.

There are many places to dance in Portland but none better than the dances given at the ODD FELLOWS BALLROOM located at 10th and Salmon St., Portland, Oregon. The dances are well conducted and are known to be the best in the City. These dances are held every Monday, Friday and Saturday nights and each of our readers are invited to come and enjoy an evening of real pleasure and happiness. To those of our readers wishing to secure further information may call Broadway 1029 and your questions will be gladly answered.

JUST THE heat YOU WANT

True winter comfort, with just the heat you want, is a blessing which YOU should enjoy. The surest way to obtain it is by installing a SUPERFEX Oil-Burning Heating Stove.

With a SUPERFEX, you get clean, comfortable, controlled heat. And if you choose that brand new model, called the SUPERFEX Heat-Director, you not only get every oil-heating advantage, but you are able to direct the flow of heat into any part of the room that needs it—something you cannot do with any other heater made.

MADE to burn ordinary fuel oil, the SUPERFEX is set up wherever there is a good flue connection. . . Once lighted, it furnishes heat immediately. . . and by a simple turn of the dial it gives out constant, unvarying, regulated heat in even the coldest weather.

No kindling delay. No dampers to fuss with. No mechanism to get out of order. No hodfuls of ashes to carry. Not even a wick to think about! And so economical to operate, SUPERFEX is ideal equipment for home, church, shop, school, office or store.

SUPERFEX Heating Stoves, in addition to their efficiency, are handsome in appearance. Finished in walnut porcelain enamel. And made in several sizes, adapted to large or small places. Come in and see how SUPERFEX will solve YOUR heating problem.
