Wake Up Your Liver Bile - Without Calomel

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resist a substitute. 25¢ at drug stores. ©1931 C. M. Co.

GASOLINE CONCERN OFFER CASH PRIZES IN CONTEST

First came the cross-word puzzle, then the jig-saw, now its the scramble graph.

Adopted by General Petroleum Corporation as a feature of its fall sustained advertising program, the Scramble Graph is fully as fascinating as its two predecessors but less tedious in the working out and far more entertaining, in the opinion of those who have tried it. The puzzle consists of a line-drawing cartoon of the faces of well-known people. The faces, however, are scrambled, features belonging to one person being transposed on another. Solution of the puzzle consists in folding the cartoon in such a way that the proper features are restored to their rightful owners.

General Petroleum Corporation, producers and marketers of General Four-Star gasoline, is offering cash prizes for those who turn in the most accurate solutions. Every week for the next eight weeks General dealers everywhere will be supplied with these scramblegraphs, which may be obtained free of charge upon application. In the series, the faces of well-known Generals are portrayed and the first prize offered is \$500.

Sponsors of the contest predict that this new puzzle is destined to replace the jig-saw craze in popular favor.

H. W. WARREN CO.

AN OLD established Portland firm has opened its doors under a new name and in new and larger quarters this week.

The H. W. Warren's Company, formerly the Portland Motorcycle Company, is now located at the corner of N. W. 11th and Burnside street.

The H. W. Warren's Company is Portland agent for the new Austin and because the handling of this car has become the major part of their business, the change of name was decided upon. Motorcycles will still be handled, however.

The latest 1933 model Austin is now on display in their new quarters.

SUCCESS OR FAILURE?

Is your child given low grades at school? If so, have you ever stopped to realize that it may be your fault and not his. Care of the eyes oft times in earlier life, assures a growing child a fair opportunity to store away a firm foundation of knowledge, to assure him success in later years.

Dr. Wheat, an optometrist of high repute, is able to make an eye test, without distressing the child with numerous questions, as he has been closely allied with children since 1911, and uses a scientific manner to determine the exact condition. Dr. Wheat is the chief operator at the Wheat Optical Co., at 124 Morgan building. He gives personal attention to all children. Call BEacon 4834 for an appointment.

BETTER TIMES AHEAD

We, as a race, are optimistic and naturally we look forward to a better day. However while the writer thinks things are much better there is no doubt that each of us must do something to help. Naturally the question arises what can we do to help the nation to better times. There is a very simple thing we all can do both in the home and business and that is to give preference to our own workers in America.

Every business organization in the Portland area should give preference to the ROPE produced by the PORTLAND CORDAGE COMPANY, an American Manufacturer, with office located at 494 Northrup, Portland, Oregon. The writer believes that it is not right that Philippine labor should in any way reduce the opportunities of American labor. Yet this is where much of the competition in the Rope business emanates from. Call for the Rope made at home the PORTLAND CORDAGE product. To our readers asking further questions call BR. 6494.

The writer recently had his attention directed to the fact that over 50,000 tons of foreign rope from Oriental sources have been brought to America, a great quantity of which is to be sold in the Portland area. It

would appear to the writer that such a policy is out of line with the principles of the N. R. A. First patronage of American products made by American labor is the only constructive policy for Americans.

BRUNO ART STUDIO

TO THE STROLLER through town one of the most enjoyable half hour's possible lies in a visit to Bruno . . . Artists and Photographers, at 416 S. W. Alder, between 4th and 5th street.

Here is one of the most outstanding studios in the West today, artists specialize in reproductions from old prints, tintypes and old photographs. Tiny snapshots are enlarged and made into life-like colored portraits. Paintings, portraits, lovely colored enlargements, in fact everything in modern portraiture may be seen. The walls are covered with autographs of nationally famous celebrities. Oil paintings, miniatures and dignified etchings each vie for your fascinated attention.

Ted Bruno, owner and manager, will gladly take you through the busy studio and art rooms and laugh-

ingly tell you that the depression hasn't bothered in the least this fascinating profession of making pleasing portraits of people.
